Sean Connery, the first James Bond, dies at 90

AGENCIES

Edinburgh, Oct 31: Legendary actor Sir Sean Connery has passed away at the age of 90.

The news of the Scottish star's demise was communicated by his family, according to a report in bbc.com. No official reason has been shared for the death yet.

Connery, who is widely recalled as the original James Bond on Hollywood screen, had an active career as an actor spanning nearly five decades.

He shot to global superstardom as Bond in 1962, with the first film of the 007 series, 'Dr. No', and then went on to work in 'From Russia with Love' (1963), 'Goldfinger' (1964), 'Thunderball' (1965), 'You Only Live Twice' (1967), 'Diamonds Are Forever' (1971) and 'Never

Say Never Again' (1983) American Film Institute has voted James Bond as portrayed by Connerv as the third-greatest

After Nov 15, schools to reopen for Classes IX-XII

POST NEWS NETWORK

Bhubaneswar, Oct 31: After a period of eight months, the state government is going to reopen schools for students of Classes IX to XII post November 15 in a graded manner.

In the Unlock 6.0 guidelines approved by Chief Secretary AK Tripathy for the month of November, the state government said, "School and Mass Education (S&ME) department will take appropriate decision on the date of reopening of schools for Classes IX-XII, in a graded manner, after November 15 in consultation with stakeholders and issue necessary guidelines and SOP." Saturday, the government first issued an order for reopening of all

schools for Classes IX to XII from November 16. Later, the order was revised saying that for Classes IX to XII, schools will be reopened after November 15 in a graded manner.

All other academic institutions across the state, however, would remain closed till November 30. Academic institutions, including coaching centres, have been closed since March in view of the Covid-19 pandemic.

The order said notwithstanding closure of academic institutions, the authorities are permitted to conduct examinations (academic, competitive and entrance tests), evalua-

tion and other administrative activities. Online/distance learning will continue to be permitted and encouraged, it said. adding, that the departments concerned may permit teaching and non-teaching staff to be called to schools for online classes.

Meanwhile. School and Mass

Education Minister Samir Ranjan Dash said the department secretary has been asked to hold discussions with all stakeholders regarding preparation of SOP for reopening of schools in the state. The exact date for partial reopening of the schools will be declared soon, he said.

Higher education institutions will be

permitted to open only for research scholars (PhD) and post graduate students in Science and Technology streams requiring laboratory work, the order read.

TEMPLES & PLACES OF WORSHIP

With regards to reopening of temples and places of worship, the state government has empowered the district Collectors and local authorities to issue such permits with appropriate restrictions and safety protocols, based on assessment of the Covid-19 situation.

Similarly, cinema halls, swimming pools, entertainment complexes, theatres, auditoriums, assembly halls and similar places will continue to remain shut. On further assessment, appropriate decisions will be taken November 16 on reopening these establishments, the order said.

Open air theatres and similar places may be allowed to operate, subject to compliance of health protocols.

The government has permitted gathering of 200 persons for marriage-related ceremonies while maximum 50 persons are allowed at funerals, the order read. Earlier, gathering of 50 persons for marriage and 20 for funerals was allowed. Large social, political, sports and religious congregations are prohibited till November 30, except Election Commission of Indiaapproved meetings for by-elections.

during elections.

New Delhi, Oct 31: The BJP's promise of providing free coronavirus vaccine in its manifesto for the Bihar Assembly polls is not violation of the provisions of the model code, the Election Commission has held.

AGENCIES

Responding to a complaint by RTI activist Saket Gokhale, the commission said it has found no violation of the provisions of the model code in the issue. "...no violation of any of the provisions of Model Code of Conduct has been observed...," the commission said.

Gokhale had claimed that the promise is discriminatory and a misuse of powers by the Central government

'Adding to this mood is the unmonths

"Next week, US elections will take centre-stage. Democratic candidate, Joe Biden is projected to win the race comfortably based on the current polls and leads. Also based on the current polls there is likelihood that the Democrats could win both the House and Senate. This will be huge blue sweep for the land that will drive policy changes,' said Devarsh Vakil, Deputy Head of Retail Research at HDFC Securities.

"Their stated economic positions suggest that Dollar could weaken in

BRUSSELS/LONDON: The Belgian government has announced that a national lockdown will be imposed Monday after the country was reported to have the highest Covid-19 infection rate in Europe. Under the new lockdown, non-essential shops and businesses offering personal services like hair salons will remain closed across Belgium until the middle of December, the BBC reported. UK Prime Minister Boris Johnson was considering putting England on a month-long lockdown next week in the wake of a second wave of the Covid-19 pandemic, according to official documents. The documents seen by the BBC suggest that new 'stay at home' order could be announced Monday, but schools, colleges and universities will be exempted.

the medium term, which could drive commodities and emerging market equities higher.

Besides, major economic data points such as automobile sales figures for October and 'Purchasing Manager Index' will further guide the currency's movement.

Centre splurged ₹ 713.20cr on ads in 2019-20: RTI reply

AGENCIES

Mumbai, Oct 31: The government of India spent a total of Rs713.20 crore on advertisements, with maximum share to the electronic media, during the financial year 2019-2020. a RTI reply to an activist revealed, Saturday.

"This comes to roughly ₹1.95 crore per day that was spent only for advertisements in the last fiscal which also saw the Lok Sabha and Maharashtra Assembly elections being held," said RTI activist Jatin Desai. In its reply to Desai's RTI query, the Bureau of Outreach and Communication (BOR) of Ministry of Information and Broadcasting said that the Centre

spent an amount of ₹713.20-crore on advertisements in the electronic, print and outdoor media.

This included advertisements worth ₹317.05 crore released to the electronic, ₹295.05 crore to the print and ₹101.10 crore to the outdoor media.

To a specific query, Desai said the BOR had no information on how much money was spent on releasing advertisements in the foreign \rightarrow media.

He said it is not clear what categories of ads were released on different media, for which specific campaigns or the kind of government schemes that were highlightedthrough this publicity blitzkrieg for the Centre and states.

was my Dad's James Bond, so

Connery was born August 25, 1930 in Edinburgh, Scotland, to Joseph Connery, a factory worker and lorry driver, and Euphemia McBain McLean, a cleaning woman. Connerv took up the job of a milkman, his first, as a teenager.

At 16, he joined the Royal Navy, and was discharged three years later on health grounds. He returned to the cooperative society where he took up his milkman job, and did several other odd jobs before starting backstage work at the King's Theatre in 1951. He landed a small part as a chorus boy a few years later. In 1957, Connery got his first film role, in No Road Back. The breakthrough role came five years later. As the first James Bond, a role that Connerv will forever be remembered for:

For his role as Jimmy Malone in Brian De Palma's The Untouchables, Connery won an Oscar as Best Supporting Actor. He also won two Bafta awards and three Golden Globes in his career.

Connery was knighted by the Queen at Holyrood

Odisha joins digital Assembly league

POST NEWS NETWORK

Bhubaneswar, Oct 31: The Odisha Assembly has now joined the league of a few Indian states which have adopted e-Assembly system, an initiative of the Union government to digitally transform the functioning of the state assemblies.

Facilities of wi-fi, computers, laptops, ipads and others have been given to the Assembly staffers as well as to the legislators. All of them have also been imparted training on use of digital technology in official works.

With the digitisation of the House, Odisha has become among the three Indian states which have worked towards this. Himachal Pradesh and Punjab have already adopted the practice. Assembly Speaker SN Patro told the media that the training as well as infrastructure has been created for the employees and the MLAs

He said, "The works which have been done in our Assembly include

facilities like wi-fi, SWAN, LAN, videoconferencing. Every assembly employee has been provided with computer system and all legislators have been given funds to buy computer/laptop. All of them have already bought them.' He also said that trainings for the same have also started. "The

progress. Funding between Centre

The Assembly has also created two different video conferencing halls. "All the employees who were

working with pen and paper have now been trained to work digitally through computers and online system," Patro said. As per earlier practice, the MLAs Union government is happy with our

AG finds ₹37cr unwanted spending on road projects

POST NEWS NETWORK

Bhubaneswar, Oct 31: The Accountant General (AG) of Odisha has found an unwanted expenditure of Rs 37.19 crore in execution of four road projects by the Works department. The contractors concerned have also got undue benefit of Rs 8 crore for the deviation from norms.

In a draft audit report, the AG said the Works department has technically sanctioned Rs 266.35 crore for widening and strengthening of four road projects to twolane with paved shoulder in March 2018. The works were awarded in between January and February 2019 against an amount of Rs 210.82 crore for completion between July and August 2020. The works were in progress with payment of Rs 25.74 crore as of March 2020, the auditor said.

During the audit, it was found that the government has deviated from the norms and allowed construction of two lanes with paved

POST NEWS NETWORK Puri, Oct 31: The chances of reopening Srimandir for the devotees in the month of November are said to be slim even though the

state government has authorised local administrations to take a call on easing restrictions on people's entry to shrines under the Unlock 6.0 guidelines. It is learnt that Srimandir authorities are reluctant to reopen

the 12th century shrine before the Nagariuna Besha of Lord Jagannath which would be held November 27. A majority of Srimandir servi-

tors had opposed the reopening of the shrine for devotees in the Hindu month of Kartika. They had urged the temple authorities to take a decision on the issue after the performance of Nagarjuna Besha ritual, sources said.

Srimandir, the abode of Lord Jagannath, has been shut for devotees since March 20 this year due to the Covid-19 pandemic. However, all the routine as well as the special rituals of the shrine are being performed by the servitors without any interruption.

Moreover, Srimandir sub-committee on rituals and Chhatisha Niyog, the apex body of servitors, have recently decided that people would not be allowed to witness Nagarjuna Besha of Lord Jagannath.

Many devotees, meanwhile, welcomed the Unlock 6.0 guidelines of

Most of the servitors suggested that the temple should not be reopened for people before Nagarjuna **Besha ritual**

the state government and urged the Shree Jagannath Temple Administration (SJTA) to reopen the shrine.

"Devotees have been deprived of visiting Srimandir for last seven months. Now, the SJTA should allow people to enter the temple in strict adherence to Covid-19 guidelines," said Santosh Sahu, a devotee. Senior Daitapati servitor Binayak Dasmahapatra, however, said that the SJTA should take a call on the issue only after the completion of Hindu month of Kartika.

"The experts have warned that Covid-19 infection would go northward in the winter. We should be more cautious to keep the virus at bay. The SJTA should take a decision on the issue after the performance of Nagarjuna Besha ritual," Dasmahapatra added.

Decision to resume classes for IX-XII decried

POST NEWS NETWORK

Bhubaneswar, Oct 31: The Confederation of Odisha Public Schools, in a letter to the School and Mass Education department, Saturday, said that the decision to reopen schools partially was taken in haste and that it involves risks.

The confederation cited order No. 6145 dated 31-10-2020 issued by the Special Relief Commissioner (SRC) which stated that schools will be reopened from November 16, 2020 for Classes IX to XII in strict adherence to Covid-19 guidelines.

Confederation president BN Patnaik said, "We strongly feel that any decision of resuming regular classes should be taken only after an elaborate discussion with all the stakeholders like parents and teachers associations. school management representatives, medical experts among others. We request you to kindly defer the decision of reopening the schools from November 16 onwards for students of Class IX, X, XI and XII till such a collective opinion is arrived.

reopened for people before Nagarjuna Besha ritual. It was then argued that at least 500 Srimandir servitors and emplovees have been infected with

Ex–DM manipulating voters, says BJP

Bhubaneswar: Ahead of Tirtol bypoll, the state unit BJP Saturday alleged that former Jagatsinghpur Collector Sangram Keshari Mohapatra is trying to influence voters to support the ruling BJD and demanded action against him. "Even though the BJP had submitted a memorandum to the Chief Electoral Officer (CEO) 12 days ago against the ex-collector. the CEO is yet to take any action against him," said BJP leader Prithviraj Harichandan. The government has transferred Mohapatra from the post of Collector to another department. "Still, he continues to camp in Tirtol and forces the voters to vote for BJD," said the BJP leader. If no action is taken against the officer, the saffron party said, it would move the Election Commission of India (ECI) and Department of Personnel & Training.

Lady cop returns wallet, sets example

Bhubaneswar: Playing a Good Samaritan, a woman constable of Mahila police station here returned a wallet containing Rs 20,000 cash to its owner Saturday. She has won many hearts after she returned the lost wallet, which had fallen on the road at Unit I market here. According to a police source, the constable Bhanumati Mallick found the wallet with cash, ATM card and identity cards, which she later deposited at the Capital police station. After detailed scrutiny, police found that the wallet owner Amanprit Singh is an official at 120 Battalion here. Capital police handed over the wallet including all valuables to Singh. The wallet contained ATM card and identity cards apart from the cash.

Drug-and-loot gang busted in Capital city

THE COPS HAVE SEIZED HUGE CACHE OF FOREIGN CURRENCIES LOOTED FROM THE PASSENGERS COMING FROM OUTSIDE INDIA

POST NEWS NETWORK

Bhubaneswar, Oct 31: Commissionerate Police Saturday arrested two dreaded criminals from Baramunda who used to loot their targets by sedating them.

The accused were identified as Simanchal Subudhi, 33, of Changuliapadar village in Ganjam and Susant Rout, 32, of Bhagabat Prasad village in Nayagarh.

According to sources, the police laid a trap to arrest the accused following receipt of several complaints of loot using spiked food and drinks at Baramunda bus stand. A team of Khandagiri police in mufti raided the place and nabbed the accused duo from the bus terminal

During interrogation, the duo revealed that they used to befriend the passengers travelling by trains and buses. After winning the trust of the gullible passengers, the miscreants sedate them by offering spiked food or drinks. Subsequently, they loot the stupefied victims baggage, mobiles and other be-

longings and dump them at isolated places in the city or the outskirts. They mainly target the passengers at railway stations and bus stands at various cities across

the state. The looters also targeted several passengers travelling by flight at Biju Patnaik International Airport (BPIA). The cops have seized huge cache of foreign currencies looted from the passengers coming from outside India, from the possession of the accused. This apart, the cops have seized Rs 1,08,620, four mo-

bile phones, a Bajaj Pulsar motorcycle, gold chain, locket, finger rings, eight trolley bags and five wrist watches. Khandagiri police found the

duo's involvement in around 16 cases of loot in the city alone. Police have launched a manhunt to arrest other members of the gang. Police registered a case (479/20) and presented them before court Saturday. They were later sent to judicial custody by the court that rejected their bail pleas.

Waiting for SOP to reopen schools, temples, says BMC

POST NEWS NETWORK

Bhubaneswar, Oct 31: Soon after the state government issued guidelines for Unlock 6.0 Saturday, Bhubaneswar Municipal Corporation (BMC) Commissioner Prem Chandra Chaudhary said that a decision to reopen temples and other religious places in the Capital city will be taken soon.

As part of Unlock- 6.0, the state government has authorised the local administration to take a call on reopening the religious institutions. Speaking to media, Chaudhary said that opinions of all religious institutions and general public will be taken for reopening of temples, mosques and churches

"Though the number of positive cases has dropped in the city in the last couple of days, over 100

Opinions of all religious institutions and general public will be taken before reopening temples, mosques and churches

Covid-19 cases are being reported every day. Since the infection may rise in winter, everyone should be

careful and follow the guidelines,' Chaudhary said.

With marriage season ahead, Chaudhary stated that only 100 to 200 guests will be allowed during marriages and all should follow Covid-19 guidelines. Regarding reopening of schools (Classes IX to XII) in the city, the BMC Commissioner said that it will be decided after School and Mass Education department issues the SOP.

"Any decision to reopen schools under BMC will depend on the Standard Operating Procedure (SOP) that will be issued by the state government. We will coordinate with schools once the SOP is issued that will mostly deal with the directions for the strict compliance of the Covid-19 norms issued by Centre and state Health and Family Welfare department," Chaudhary added.

The confederation said that the step involves risks as students and teachers would be exposed to the dangerous pandemic which is yet to subside.

Most of the parents of Class IX to XII students are not in favour of resuming regular classes from November 16, 2020 as the students as well as teachers will be exposed to the virus which is still very much virulent, said Patnaik.

'Once again we request you to look into all the risks involved in reopening of the schools immediately," he added.

Meanwhile, Odisha Parents Federation (OPF) also objected to the SRC's move of reopening schools saying that before Puja holidays the government had said that coronavirus pandemic will be high and effective in winter but now the SRC has given a guideline which is contradictory to the government's declaration.

The OPF demanded that the new academic calendar should consist of 180 working days from December and syllabus reduced upto 30 per cent.

Krushak Bazar yet to see light of the day

POST NEWS NETWORK

Puri, Oct 31: Shreekshetra Krushak Bazar, a mega complex to house wholesale godowns here, is yet to be made operational even though three years have elapsed to the laying of foundation stone for the ambitious project

The Pilgrim City often witnesses heavy traffic snarls as goods vehicles negotiate the narrow city roads to reach the wholesale godowns located across the nook and corners of the city. Shreekshetra Krushak Bazar was conceptualised to curb the traffic menace.

The then minister Maheswar stone for the project at Samanga

Odisha ranked 2nd last in PAI 2020 'best governed states'

POST NEWS NETWORK

Bhubaneswar, Oct 31: Odisha has been ranked among the last three states in the Public Affairs Index on the basis of the state's performance on equity, sustainable development and growth by a report on public affairs prepared by Bangalore-based think tank Public Affairs Centre (PAC).

OrissaPOST

SUNDAY | NOVEMBER 1 | 2020 | BHUBANESWAR

The report titled 'Public Affairs Index (PAI 2020)' claims to be a datadriven framework that measures quality of governance and ranks a state on a Composite Index taking into account equity, growth and sustainability as the goals of governance. "Measuring governance is a challenge. This issue becomes increasingly complex, especially in a diverse country like India where each state is socially, culturally, economically and politically different PAC, thus, identified three broad pillars namely growth, equity and sustainability that encapsulate governance. From a development perspective, it is axiomatic that there must be synergies between all these three pillars," Public Affairs Centre

said in a statement. In the overall rankings of the three themes of equity, growth and sustainable development. Odisha

IN THE OVERALL RANKINGS OF EQUITY, GROWTH AND SUSTAINABLE DEVELOPMENT, ODISHA HAS BEEN RANKED SECOND LAST WITH A SCORE OF -1.202 AMONG 18 BIG STATES OF INDIA

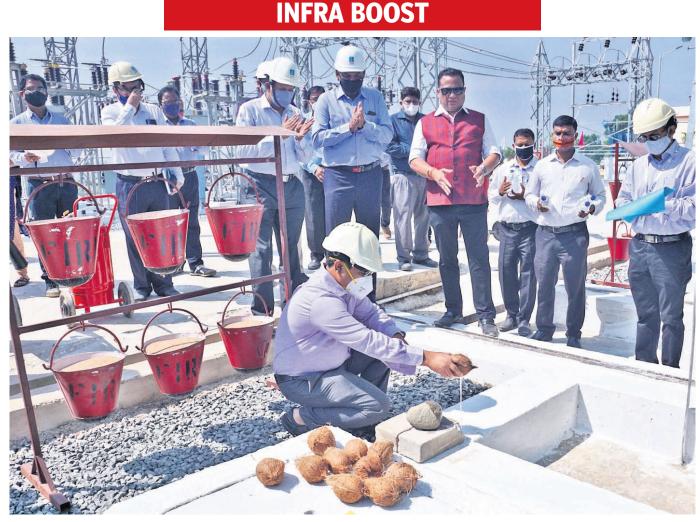

has been ranked second last among 18 big states of India. The state's score is -1.202. Uttar Pradesh was ranked last with -1.462.

The study has ranked Kerala as the best governed state on the basis of the above-mentioned three factors with 1.389 points, while Tamil Nadu was ranked second with 0.912 and Andhra Pradesh third with 0.531. "It is interesting to note that con-

BROWN SUGAR WORTH ₹1CR SEIZED

POST NEWS NETWORK

Bhubaneswar, Oct 31: The Special Task Force of the state Crime Branch seized brown sugar weighing 1.17 kgs from a peddler near Baramunda bus stand in Bhubaneswar Friday night.

The value of the seized contraband in grev market is estimated to be Rs 1,00,00,000.

The peddler has been identified as Sk Hasim Bux of Sheikhpalarea under Jaleswar police limits in Balasore district. He has been arrested

Acting on a tipoff, the raid was conducted at a place near Baramunda bus stand. It was when he failed to produce any valid documents in support of possessing the contraband, he was arrested. Thanks to the sustained drive against contraband throughout 2020, the STF has so far seized 22.168 kgs of brown sugar and detected 24 cases, in-

₹1.75cr sanctioned for Bagala Dharmasala renovation

POST NEWS NETWORK

Bhubaneswar, Oct 31: The state government has approved a sum of Rs 1.75 crore for the renovation of the Bagala Dharmasala in Puri city, which has been in controversy during the last few months.

The state Works Department, in an official communication to the Chief Engineer (Buildings), has asked the latter to undertake the repair, retrofitting and renovation of age-old building in the current fiscal. The expenditure has been planned under the Augmentation of Basic Amenities & Development of Heritage & Architecture (AB-DAHA) scheme for the Pilgrim City. The latter has been asked to go ahead and invite tenders to commence the works and take other necessary actions accordingly.

"I am directed to request you to accord administrative approval for the work 'repair, retrofitting and renovation of Bagala Dharmasala building at Puri for the year 2020-21 at an estimated cost of Rs 1.75 crore...with stipulation that adequate fund provision should be ensured for the above project in the outcome budget of Works department for 2020-21 under the ABADHA

In August, the state government had clarified that it was not planning to sell the land but wanted to renovate the site to boost facilities for the pilgrims. The renovation has been planned under the Augmentation Basic Amenities & Development of Heritage & Architecture (ABADHA) Scheme of the government in Puri. ABADHA envisions focused de-

velopment of basic infrastructure in Puri for augmentation of basic amenities and development of the heritage site. It aims to improving the infrastructure in areas close to the Sri Jagannath temple in the city.

Cuttack Vig Cell SP's service period extended

Bhubaneswar: The state government has extended the service period of M Radhakrishnan, an OPS officer and SP in-charge of Cuttack Vigilance Cell by another year. Radhakrishnan was scheduled to retire from the services October 31. The state government has approved the proposal sent by the Vigilance Directorate regarding the extension of service period of Radhakrishnan. The state General Administration (Vigilance) department has also approved his redeployment at his current posting for the next one year. Radhakrishnan, while speaking to Orissa POST, expressed his happiness over the decision and asserted that he will try to perform with utmost sincerity and honesty.

Police arrest youth for 'trafficking'

Bhubaneswar: Jajpur police Saturday arrested a youth on charges of trafficking girls to abroad. The accused identified as Sabir Ali is a resident of Murshidabad in West Bengal. Suspecting Ali's activities, some social activists boarded the same Kolkata-bound train he was travelling by. The activists informed the RPF officials. RPF and Jajpur GRP police arrested Ali and rescued a girl

POST NEWS NETWORK

Bhubaneswar, Oct 31: The DAV Public School, Kalinga Nagar, Bhubaneswar, observed the Rastriya EktaDiwas on its premises to commemorate the 145th birth anniversary of the country's first Deputy Prime Minister and freedom Sardar Vallabhbhai Patel, who is fondly remembered as the 'Iron Man of India'.

As a mark of respect to the great patriot, the principal and teachers offered floral tributes to Sardar Patel and took the National Unity Day pledge. At a meeting organised on the occasion, the principal of the school Bipin Kumar Sahoo highlighted the great contribution and commendable efforts of Sardar Patel in securing India's freedom from the British rule and his decisive role in the unification of the princely states to form a strong Indian federation. Different online competitions were organised among the students to mark the occasion. The programme was smoothly conducted by the harmonious co-ordination of the staff members of the observing the guidelines of Covid-19 pandemic.

Rshtriva Ekta Diwas was also ob-

served at IIT Bhubaneswar on its campus. On this occasion, a floral tribute was offered by the director R V Raja Kumar and the staff members took pledge on this occasion to preserve unity, integrity and security of the nation. Speaking on the occasion, Prof. RV Raja Kumar emphasised the role played by Sardar Vallabhai Patel's in the national integration. Prof Kumar also reiterated that IIT Bhubaneswar has always believed in creating a feeling of 'One Nation' and the best example of this was the successful completion of "Ek Bharat, Shresht Bharat" programmes which were completed as per the mandate from the

Bhadrak, Oct 31: The state government had made an attempt to push industrialization on the outskirts of Bhadrak between 1985 and 1990. It attracted entrepreneurs by allotting houses and plots at Rahanaja. IDCO had made all efforts to boost industriliasation there. However, 31 years have passed though, these efforts have apparently gone futile in the area.

The government has envisioned Bhadrak as the new industrial corridor in the state.

According to reports, in mideighties, IDCO had allotted land to 21 industrialists to set up industrial units. The industrial estate was planned on 20 acres and 700 decimal of land. IDCO had made a provision of roads, water, electricity, houses, telephone and other facilities.

It had generated a lot of hopes among locals for scope of employment and ancillary business activities in the areas. However, lamented that, not a single industry has become a reality till date. All that is found here now are either auto garages or marble shops. The dream of industrilaisation vanished over vears.

The place has lost its identity amid overgrown bushes and wild creepers all over.

Landed properties worth crores of rupees given for industries are lying unutlised. The place, tagged

Tusker tramples farmer to death

Pallahara: In another incident of man-elephant conflict, a tusker trampled a famer to death at a village here in Angul district Friday night. The deceased has been identified as Anadi Handiari, a resident of ShriRampur village. The incident has triggered tension in the locality with the villagers staging a roadblock on NH-149. They demanded compensation to the bereaved family and a government job to a family member. According to sources, Anadi had gone out of his house Friday night to his paddy field to check his crops. While going to his paddy field, he suddenly came face to face with a tusker. Before he could react, the tusker caught him by its trunk, pinned him down on the ground and trampled him, causing his death on the spot. As the news spread, it irked the

villagers who laid siege to NH-149, disrupting vehicular movement. On being informed, forest department officials and police reached the spot. The roadblock forest department officials promised them that their demands would be looked into.

Chhatrapur, Oct 31: Amid fears of a second wave of Covid infection in the country with onset of winter chill, the Ganjam district will start a mega health screening from November 1 with special focus on Berhampur city. It is said that MKCG Medical and Hospital is still receiving a lot of Covid infection cases daily.

If the second wave starts, many people will be infected and those who have recovered from the disease are likely to be re-infected with winter chill gradually gripping some areas.

It is said that there is a need for extreme caution for the people of Ganjam district.

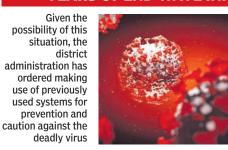

Given the possibility of this situation, the district administration has ordered making use of previously used systems for prevention and caution against the deadly virus.

A couple of days ago, Collector Vijay Amruta Kulange had directed sub-collectors and district level officials to implement the systems.

The Collector observed that the government was not mulling lockdown after the unlock, because lockdown will again adversely impact the life and livelihood of peo-

A bridge for 50 inaccessible villages in Chitrakonda

POST NEWS NETWORK

Chitrakonda, Oct 31: People of Gunthawada and over 50 villages in neighbouring panchayats under Chitrakonda block of Malkangiri district have long been suffering from commuting woes in the absence of a bridge across Aragi river. Taking note of their plight, the government is going to set up a bridge at a ghat, fulfilling the long awaited dream of the people.

Reports said, the foundation stone for the project was laid Wednesday, bringing cheers to the people. Boats are the only means of communication in the region. It was said that people face a lot of problems while being ferried across the river. They had long been demanding a bridge that will be realized soon.

The foundation stone laying ceremony was held in the presence of Collector Minaskhi Agrawal, Chitrakonda MLA Purnachandra Baka.

Dumper helper stoned to death

Joda: A helper engaged in a dumper was stoned to death at Dubuna under Bamebari police limits in Keonjhar. The deceased was identified as Bipin Barik (22) belonging to Bonai in Sundargarh. He had been staying in the house of Suka Palei at Dubuna for about a year. His body was found in a field Sunday. He was stoned to death as his body had deep wounds. A stone was found nearby. Locals informed police about the body. Police started an investigation into the matter and came to know that Bipin was working in the dumper of Suka Palei and was staying at his house. Police also leant that Bipin had a past enmity with some people.

Body recovered from roadside

Harabhanga: Police Friday recovered the blood-soaked body of a youth lying by the roadside near Singanibida under Purunakatak police limits in Boudh district. The police have identified the deceased as Arjun Patra (35), a resident of Badikata village of Tileswar panchayat under Harabhanga block. Local residents first spotted the body in the morning and then they informed the police. After a while, a team from Purunakatak police station reached the spot, recovered the body and sent it for post mortem. A case has been registered. The deceased's family said he was working as a wielding mechanic with a crusher company. It is suspected that he was murdered over a love affair. According to police, some miscreants had killed Arjun Thursday night and dumped the body by the roadside.

However, police are yet to find any reason behind the murder.

However, the looters failed to take away cash from the iron chest.

100 MT of iron ores seized in Jajpur

POST NEWS NETWORK

Jajpur, Oct 31: Mining officials seized 100 tonnes of illegally excavated iron ores at Neupur and Hardeipur under Dharmashala police limits of Jajpur Sunday

Later, the mining officials got to know that over 1000 tonnes of iron ore were dumped near Kaeme hill, till the last reports came in.

The huge dump of iron ore has pointed to the ongoing mining illegalities in the area.

However, the mines department officials have no clues about where the minerals were excavated and transported here. It is suspected that unscrupulous

Admin urged to reopen Dhabaleswar shrine

POST NEWS NETWORK

Athagarh, Oct 31: Due to restrictions for Covid-19 pandemic, religious shrines are closed in the state. The holy month of Kartik is going to start. The servitors of Dhabaleswar temple in Athagarh area of Cuttack district demanded reopening of the temple in view of the holy Kartik month.

Špecial rituals are performed at Dhabaleswar shrine during the month of Kartika month. Gaja Bhoga is also offered to the Lord.

According to servitors, devotees do fasting in this holy month. It is one of the most important traditions. Thousands of devotees usually visit the

0.00

FOCUS POLITICS

GIVE CENTRISM A CHANCE

urope's progressive intelligentsia have come to scorn political 'centrism.' A misguided focus on the middle ground, critics argue, precludes the formulation of political alternatives, leading to the rise of extremist parties on the left and right. Seen through this lens, the corollaries of centrism are populism, polarisation, and ultimately growing distrust of democratic principles.

> Left-wing political parties keen on sharpening their ideological profile face a dilemma.

advocates humanitarian generosity but has not called for decriminalising illegal border crossings. On climate change, while he champions carbon-neutral housing and is calling for the US power sector to be carbon-free by 2035, he has steered clear of fully embracing the Green New Deal favoured by his party's left wing. Likewise, Biden is shying away from calls to ban fracking, defund the police, and introduce universal single-payer

Biden's centrism is shared by his running mate, Senator Kamala Harris of California, who has faced criticism from within her own party for her allegedly weak progressive credentials. But Biden's commanding lead over US President Donald Trump in opinion polls suggests that the Democrats may have found a winning formula.

A similar story is unfolding in New Zealand, where Prime Minister Jacinda Ardern won convincingly in the country's October 17 general election. In progressive circles, Ardern is widely heralded as a global icon. She is only

Corbyn to step down. Corbyn's successor, Keir Starmer, used Labour's (virtual) annual conference in September to announce a comprehensive break with Corbyn's legacy. Starmer's 'new leadership' entails redirecting Labour toward family values, with a focus on security and economic prudence.

In his conference speech Starmer declared to disgruntled blue-collar voters that, "We love this country as you do." His repositioning thus includes a notion of left-wing patriotism – anathema to his staunchly internationalist predecessor and a clear break with previous Labour parlance.

which forced far-left leader Jeremy

The United Kingdom's Labour Party, meanwhile, is currently in

Starmer's stated objective is to regain the confidence of working-class voters who abandoned the party under Corbyn. So far, the plan seems to be working. Although the UK's next general election is not scheduled to be held until 2024, recent opinion polls put Labour neck and neck with the ruling Conservative Party. The current momentum en-

joyed by political progressives who are consciously addressing the political centre holds important les sons for struggling counterparts elsewhere.

Progressives certainly should never be satisfied with the status quo. Offering political alternatives and a path toward a better future remains crucial - not least dur ing a pandemic. But with voters increasingly exhausted by years of polarisation, progressive parties that are serious about gaining and retaining power would be well advised to reconsider their opposition to centrism.

the second prime minister in mod-

SPECTRUM UNIVERSITIES

that after two years, we may be back to where we were in February this year. He continues to speak of a \$5 trillion economy. On one hand, this is a banal thing. India's economy, at whatever pace, will reach there at some point (assuming no magical strokes like Demonetisation or lockdown are forthcoming to slow it down). But to assume that it will happen in 2024, as Modi does, is to be unaware of what has happened in the last three years. He said

sit among them, you will hear only things of despair and despondency." No, it is called being in touch with reality and being able to read numbers. It is hard to tell whether the prime minister is unable to confront the reality or so supremely confident in his abilities that he can convince the rest of us that the reality is different from our perception of it. If we pretend that China hasn't occupied the lands our army was patrolling till February, then they haven't crossed the Line of Actual Control. If we compare ourselves to Brazil and Italy and not China and Pakistan, our Covid numbers will look excellent. If we make up meaningless phrases like this one from the interview: "Aatmanirbhar Bharat is not just about competition but also about competence, it's not about dominance but about dependability, it's not about looking within but about looking out for the world" then that is a substitute for trying to right an economy that has been in the doldrums for thirty months.

merit. Democracy requires candid and controversial conversations about the best way forward. Closing the door to political alternatives by blindly embracing the status quo is a recipe for disaster. "Debate is never finished," wrote the late Polish-born sociologist Zygmunt Bauman. "It can't be, lest democracy be no longer democratic." But this does not mean that left-

of-centre political parties should turn their backs on pragmatism and moderation. In fact, evidence from some of the world's current electoral hotspots suggests they should do the opposite. Despite increasing political polarisation in many countries, large numbers of voters seem considerably more comfortable with centrist positions than is often assumed.

Left-wing political parties keen on sharpening their ideological profile therefore face a dilemma. Whereas party activists frequently demand greater ideological clarity, voters are increasingly favour-

ing pragmatism over purity. So, the most promising course of action for progressive leaders is probably to combine a long-term ideological vision with the reality of incremental change

Consider Joe Biden, the US Democratic Party's presidential nominee. Although Biden's agenda clearly is more progressive than those of recent Democratic nominees, it appears significantly more centrist than those of two of his main challengers for the Democratic nomination, Senators Bernie Sanders and Elizabeth Warren.

Biden's platform is notable not only for what it endorses but also for what it does not. On immigration, the former vice-president

WORDS**WORTH**

Upper crust

n trying to get to the root of this dismissive way to describe the upper classes, aristocracy or social elite, we have to start by clearing away the obscuring undergrowth of supposition. Many sources say it's from the US. That's because the Oxford English Dictionary says it is and cites as its first two examples works by Thomas Chandler Haliburton of 1836 and 1843, with a third from John Bartlett's Dictionary of Americanisms of 1848. However, Haliburton wasn't American but Canadian, from Nova Scotia. And as we shall see, the earliest example isn't from North America, but Britain. More disinformation comes from that splendid body of people, the guides who herd tourists around the ancient buildings of Britain. In the kitchens, they explain the old method of baking bread in an oven. This was heated by burning dry twigs in it. The ashes were then raked out and the bread dough was put in to bake. The bottom of the resulting loaf was over-baked because it was sitting on the hot oven floor and ashes stuck to it. The upper crust was properly baked, however, and was obviously more desirable. Tourist guides will explain that the upper crust was reserved for the master and mistress of the household and that the term upper crust was transferred to its consumers. The first part is probably true but the second isn't. There's no evidence for the term having evolved as a reference to better bits of bread being reserved for the highest-ranking members of a household, apart from a much-quoted oblique reference in John Russell's Book of Nurture of 1460, which reads, in modern English: "Cut the upper crust [of the loaf] for your sovereign". There have been other senses of upper crust. The most common in the eighteenth century was of the upper surface of the earth and by analogy the crust that forms on the surface of partially melted and refrozen snow or on the mud of a partially dried-out pond.

(VCs) at times attracted media attention for very many reasons. The latest instance is the suspension of the VC of Delhi University. Ironically he was appointed by the same regime. In the educational edifice of the country, VCs, being the heads of universities, occupy a pivotal position. They are called upon to perform a multiple of functions.

ment of vice-chancellors

In the first place, they are expected to be distinguished academicians and eminent scholars having contributed significantly to the body of knowledge. In the second place they should possess ample administrative experience to deal with men and material in a judicious and prudent manner. A VC's role as administrator has many parts. As far as faculty and the teaching fraternity are concerned he/she is like primus inter pares or first among equals. The deans of various faculties and professors are eminent people in their own right. Differences of views on different issues are bound to crop up from time to time and they need to be resolved amicably. The VC is also responsible for recruitments of both faculty and staff for various positions. In the selection of these positions at

political. In such situations, he/she has to ensure that not only the procedure is followed, but also merit prevails.

from various quarters including or grade pay, but otherwise is a

As per the well-established norm prescribed by the University Grants Commission, the VC being the academic and administrative head of the institution is expected to be a person possessing the highest level of competence, integrity, morals, and institutional commitment. It further stipulates that a distinguished academician with a minimum of ten years of experience as professor in a university, or ten years of experience in a reputed research or academic administrative experience with proof of having demonstrated academic leadership is eligible to apply for the position. It is often experienced that the ten years of experience is mechanically determined in a clerical manner. What the authorities decide is the criteria of pay scale and the grade pay. It is quite ridiculous that at times candidates who might have earned ten years of experience in that pay scale and grade pay without any demonstrative scholarly attainment or achievement may have edge over some other candidate who might not have the requisite years of expe-

highly accomplished scholar. An average professor of an obscure second rate university may get selected while a scholar of eminence or someone having requisite administrative experience may be ignored. The search committee needs to have a creative understanding of the candidates' claims of eligibility.

At a time when people from outside the civil services are hired for senior positions like joint secretaries to the Government of India on the scheme of lateral induction to the civil service, a similar practice should also be followed in the appointment of VCs of universities. What is so sacrosanct about ten vears of experience in a particular scale of pay or grade pay if a candidate has not produced scholarly output commensurate with the years of experience which reflects poorly on his/her academic achievements? This clerical criteria needs to change.

At a time when India or for that matter Odisha is emerging as a knowledge society, the VCs are poised to play a critical role in the educational edifice of the country and the state. The VCs are supposed to be of impeccable honesty and integrity. The fact that the faith and trust in the impartial and objective selection of candidates. Now, the Odisha Public Service Commission is entrusted with this responsibility. Similarly, the government should broaden the catchment area of the selection of VCs In the past, highly eminent scholars like Pranakrushna Parija, Dr Manmath Nath Das. Professor Mahendra Kumar Rout, to name a few, have had enhanced the prestige

of the university which they served

with great distinction. There is no

dearth of such candidates. What is

required is an open mind and shed-

ding the rigidity of criteria solely

on the basis of pay scale or grade

pay. Scholarship and academic ac-

complishments need not be meas-

ured in terms of scale of pay or

grade pay.

Poor & pandemic

Sir, The most devastating ill-effect of the pandemic has undoubtedly been on children. Children of socio-economically well-off parents are in the loop to continue their studies via schools or the internet. But the plight of non-school going children of poor parents has become hellish. During the peak of the pandemic, several thousands of youngsters below the age of 18, mostly from north India, were reportedly pushed into child labour to secure two square meals for their families. Toiling day in and day out, the children were, and some continue to be, employed by different types of 'owners' who exploit their helplessness. Working for nearly sixteen to eighteen hours a day for pittance, the state of mind of these children is unimaginable. Poverty forces parents to push their wards to 'earn', but the role of unscrupulous sections in fostering child labour cannot be swept under the carpet. It is a crime to force children to work with tools when schools are their rightful place. Automobile workshops and garages, homes of the rich, eateries, that are classified under non-industrial hazardous occupations, abound with children below the age of 14.In the times of the pandemic, different sections under child labour, bonded labour and human trafficking need to be invoked against employers. The cynical attitude that child labour cannot be eradicated, but only regulated, has to be done away with.

Ganapathi Bhat, AKOLA

India in stagflation trap

Sir, In economics, stagflation is a situation in which both inflation and unemployment rates are high. This situation breaks the economic backbone of a country. Massive unemployment which India has been facing for a long time now has been doubled due to Covid-19, prices of goods are sky-rocketing and crores of people are out of job. The real problem is there is no money in the hands of the people. Unless the government has made available cash in people's hands, this situation will persist. And in the long run, this will lead to social chaos which will be a headache for the ruling class. We have not arrived at this situation all of a sudden but in a process due to the wrong economic policies of the government. Yes Covid-19 is a factor but the government cannot hold the pandemic solely responsible for the situation. Even in pre-Covid period our economy faced negative impacts on GST and demonetisation. The government is advised to bring inflation under control.

Raj brings Bills to counter Centre's farm laws

THE MOVE COMES AFTER THE PUNJAB ASSEMBLY EARLIER THIS MONTH ADOPTED A RESOLUTION AGAINST THE FARM LAWS AND UNANIMOUSLY PASSED FOUR BILLS TO NEGATE THE CONTENTIOUS LEGISLATIONS

PRESS TRUST OF INDIA

Jaipur, Oct 31: The Rajasthan government Saturday introduced three Bills in the Assembly to negate the impact of the farm laws enacted by the Centre recently.

The move comes after the Puniab Assembly earlier this month adopted a resolution against the farm laws and unanimously passed four bills to counter the Centre's contentious legislations.

Rajasthan's Parliamentary Affairs Minister Shanti Dhariwal introduced the Essential Commodities (Special Provisions and Rajasthan Amendment) Bill 2020, the Farmers (Empowerment and Protection) Agreement on Price Assurance and Farm Services (Rajasthan Amendment) Bill 2020 and the Farmers Produce Trade and Commerce (Promotion and Facilitation and Rajasthan Amendment) Bill 2020.

He also introduced the Code of Procedure (Rajasthan Amendment) Bill 2020 on the first day of the Assembly session.

A number of provisions to protect the interests of farmers, including sale or purchase of a crop under farming agreement on a price equal or greater than minimum support price and imprisonment of three to seven years for harassment of farmers, have been included in the bills.

The Congress leadership has suggested that states where it is in power should pass laws of their

own to counter the central legislations that had triggered farmers' protests in several parts of the country

In the Farmers (Empowerment and Protection) Agreement on Price Assurance and Farm Services (Rajasthan Amendment) Bill, a provision states, "Provided further

that no Farming Agreement for the sale or purchase of a crop shall be valid unless the price paid for such agricultural produce is equal to, or greater than, the prevailing Minimum Support Prices, announced by the Central Government for that crop.'

Apart from a few other amendments, three new sections have been added as special provisions for Rajasthan, providing for punishment for harassment of farmers

The bill proposes punishment of imprisonment from three to seven

vears with or without a fine of ₹five lakh if any person, company or corporate house or any other association or body of persons harasses farmers.

'There has been extraordinary outrage amongst the farmers, farm labourers and all others engaged in incidental and ancillary agricultural activities. Since the direct consequences of the Central Act would be to nullify the minimum support price mechanism that has stood the test of time and introduce several other infirmities and distortions operating to the grave detriment and prejudice of agri-

'Gehlot misleading farmers'

JAIPUR: Rajasthan BJP president Satish Poonia Saturday accused Chief Minister Ashok Gehlot of misleading farmers by opposing the farm laws enacted by the Centre recently. The state government Saturday introduced three bills in the assembly to negate the impact of the farm laws. The move comes after the Punjab Assembly earlier this month adopted a resolution against the farm laws and unanimously passed four bills to counter the Centre's contentious legislations. The Congress leadership too earlier suggested that states where it is in power should pass laws of their own to counter the central legislations that had triggered farmers' protests in several parts of the country. Reacting

sociated with it," the statement of the bill said.

"The Parliament has also introduced a mechanism for production. trade and commerce in agricultural produce through this Central Act, that is vulnerable to encroachment and manipulation by vested corporate interests through provisions such as contract farming minus a guarantee of minimum support price and leaving the farmer open to the vagaries of market forces for getting a remunera-

to the development, Poonia said Gehlot is misleading farmers of the state by convening the assembly session against the welfare laws of the Narendra Modi government at the Centre. It is a reality that the state government cannot bring any law against any legislation enacted by the Centre, he said. Poonia also constituted a panel for the election of mayors in Jaipur, Jodhpur and Kota. Leader of Opposition Gulabchand Kataria, Deputy Leader Rajendra Rathore, Union ministers Gaiendra Singh Shekhawat, Ariun Ram Meghwal and Kailash Chaudhary have been included in the election committee. The party also constituted a state-level election steering committee for the panchayat elections next month.

tive price for agricultural produce, fruits and vegetables. No check has been provided against exploitation of farmer." it said.

The Rajasthan government also introduced three other bills on the first day of the session -- the **Rajasthan Epidemic Diseases** (Amendment) Bill-2020, the Code of Civil Procedure (Rajasthan Amendment) Bill-2020 and the Rajasthan University of Veterinary and Animal Sciences (Amendment) Bill-2020.

CPI(M), CONGRESS JOIN HANDS FOR **2021 BENGAL POLLS**

PRESS TRUST OF INDIA

New Delhi, Oct 31: The Central Committee of the Communist Party of India (Marxist) has approved a tie up with the Congress for the upcoming Assembly election in West Bengal, CPI(M) general secretary Sitaram Yechury said In West Bengal, Saturday, adding that alliances the CPI(M) and the with secular Left Front will have an parties in Tamil electoral understanding Nadu, Kerala with all secular parties,

CPI(M), the move to all with the Congress is being seen as a 'tacti cal' one to gain some lost ground in a state which the Left ruled for an uninterrupted 34 years. The party is down to 26 seats in the state Assembly, which has a total of 294 seats, after the 2016 elections. The Left party, in a state-

ment, also hit out at the Centre over the handling of the coronavirus pandemic. It said while the US, India and Brazil including the Congress, continued to rewhich seek to defeat the port the highest **BJP and the TMC** number of COVID-SITARAM YECHURY I CPI(M) 19 cases and deaths, both the rate of growth in

positive cases as well as the number of deaths in India were 'alarming'

The party also extended its complete solidarity and support to the farmers protest call November 26-27 and the call of the central trade unions for a nationwide general strike November 26.

Centre flays WB's execution of Jal Jeevan Mission

The Modi government initiative aims to provide piped water to all rural households by 2024; of all states, Goa is the only one so far to provide piped drinking water to all rural households

PRESS TRUST OF INDIA

New Delhi, Oct 31: West Bengal has shown 'dismal performance' in the implementation of the Jal Jeevan Mission by providing only 2.2 lakh tap water connections to rural households against a target of 55.58 lakh in 2020-21, the Centre has said.

Expressing concern, the Jal Shakti Ministry said 10 districts of the state are gripped by Japanese

Encephalitis and Acute Encephalitis Syndrome, affecting 42.96 lakh households, out of which only 2.34 lakh households (5.4 per cent) have been provided with tap connections.

The state has 1,566 arsenic and fluoride affected habitations which are to be covered with piped water supply by December 2020, it added.

The Jal Shakti Ministry recently held a mid-term review meeting on planning and implementation of JJM in West Bengal during which state officials presented the progress of the programme before the National Jal Jeevan Mission team.

West Bengal has decided to achieve the goal of providing tap water connections to all 1.63 crore rural households by 2024, it said. The

state has 22 districts, 341 blocks, 41,357 villages and 1.07 lakh habi-

tations "Jal Shakti Ministry reviews implementation of Jal Jeevan Mission in West Bengal; state shows dismal performance and provides just 2.20 lakh tap water connections against a target of 55.58 lakh so far in 2020-21," the ministry said in a statement.

The Jal Jeevan Mission, a flagship initiative of the Modi government, aims to provide piped water to all rural households by 2024. Of all the states, Goa is the only one so far to provide piped drinking water to all rural households.

Sangharsh Samiti convenor Kirori Bainsla shrugged off any discussion and said that the community agitation will start from November 1. Internet services have already been suspended in parts of eastern Rajasthan ahead of the pro-

posed Gujjar protest November 1, although a section of the community's leaders left for Jaipur to hold talks with the government late Friday. Internet services were suspended

in parts of Bharatpur, Karauli, Dausa as well as Jaipur. In the capital city, internet was suspended for 24 hours in Kotputli, Paota, Shahpura, Viratnagar and Jamwaramgarh tehsils till 6 p.m. Saturday. For Dausa, suspension of internet services was ordered in

the November 1 protest, and has deployed additional police forces in the region

the entire district till 5 p.m. Saturday.

The state government, in fact, is on high alert ahead of the November 1 protest, and has deployed additional Central and state police forces in the region. Saturday, security forces were sent to Guijardominated areas to take control of the law and order situation.

A total of 300 GRP and 100 RPF personnel have reached Bayana. Also, internet service has been suspended in Bayana, Roopwas, Bair,

ment to accede to demands made by the community at a Mahapanchayat in Bharatpur or they would stage an agitation from November 1. The Mahapanchayat had been called by Gujjar leader Kirori Singh Bainsla, where he was joined by other leaders from the community, including Himmat Singh, who had broken off from Bainsla.

However, late Friday, leaders from the Himmat Singh faction left Bayana in Bharatpur to hold talks with the government. According to Singh, a delegation of as many as 40 leaders left Bharatpur for Jaipur

In Karauli, Bainsla addressed a press conference Friday and asked supporters to gather at Pilupura in Bharatpur Sunday morning.

There were reports in a section of the media that Ghosh might be removed from the party post before the polls as the central leadership is not happy with the inner squabbling in the state BJP.

futed media reports of his removal

"The reports are not only baseless but also misleading and politically motivated. I want to categorically say that West Bengal BJP will fight the assembly election with Dilip Ghosh as its state president. There is no question of replacing him," Vijayvargiya told PTI. West Bengal BJP general secretary Sayantan Basu, known to be close to Ghosh, said, "Dilipda was re-elected for three years this January, after completing his first term. There is no question of his removal." The speculation gained momentum after the party's

state unit witnessed a major or ganisational change recently. The incumbent state general secretary (organisation) Subrata Chattopadhyay was removed and his deputy Amitava Chakraborty was elevated to the post Wednesday. The change shocked many in BJP unit as Chattopadhyay, who had held the post for several years, was considered to be close to Ghosh. The change had come just a day after the BJP central leaders in charge of the state stepped in to resolve differences between its state Yuva Morcha president Saumitra Khan and Ghosh, who had dissolved all the district committees of the youth wing last week.

200-km 'Fit India' walkathon in desert

INDO-ASIAN NEWS SERVICE

Jaipur, Oct 31: In a first-ever endeavour towards the 'Fit India' movement, over 110 officials from almost all the Central Armed Police Forces (CAPF) Saturday began a foot march from Rajasthan's Jaisalmer to cover a distance of 200 km to promote the Narendra Modi-led Central government's 'Fit India Movement'.

The Indo-Tibetan Border Police (ITBP) playing a key role in organising the event with the active support of Central government's 'Fit India' campaign under the Ministry of Youth Affairs and Sports.

The three-day fitness awareness march was launched at a time when the National Unity Day (the birth anniversary of Sardar Vallabhbhai Patel) was being celebrated across India as a tribute to country's first Home Minister -- popular as 'Iron Man of India', and to spread the message of national unity.

Apart from ITBP, the march had representation of more than 110 officials of Border Security Force, Central Reserve Police Force,

route.

National Disaster Relief Force, Rapid Action Force, Assam Rifles and National Security Guard.

Rajasthan and Madhya Pradesh Police officials also participated in (desert) of Sakhirewala, Bhuttewala, Katoch to complete the 200 km disthe event under the leadership of ITBP Director General S.S. Deswal. tance.

Kiren Rijiju, Minister of State for march, the track runs along the Youth Affairs and Sports, was one of the Chief Guests at the launch International Boundary known for of the march, who flagged off the many battles and war. Kishangarh event from Nathuwala. fort is a prominent location en-

Actor and martial arts expert

The march is aimed at giving a push to the 'Fit India' movement and promote fitness among the masses in general.

The ITBP DG since the past couple of years by personally leading the speed marches from the front has inspired many citizens and force personnel to remain fit and healthy.

The ITBP is well known for long marches in the Himalayas and over a period of more than two years, its DG along with senior officials of the force have undertaken dozens of long route and speed marches in the Himalayas and on seaside areas of the country

The earlier routes include Vidyut Jammwal was also a part of Lipulekh Pass, Sangla Valley of 103 the event. After the start at km, Auli Tapovan, Gangotri Nathuwala village, the march took Tapovan, Bhuj, Konark-Puri, the route through sand dunes Rajasthan and Punjab borders, Mission 100 km in Jodhpur-Bikaner and Valley of flowers besides many other routes. These marches were For most of the part during the aimed at spreading the 'Fit India' mission and to promote the youth to engage in more physical exercises to remain fit. 'Fit India-Mission 200 km' is a landmark in Fit India campaign in the country.

Online Rummy claims life of man

Coimbatore: A 28-year old bank employee in the city died by suicide reportedly upset over the financial loss incurred by playing online rummy game, police said Saturday. Madankumar, a resident of Seeranaicke-npalayam was found hanging in his house by the relatives early this morning. Preli-minary investigation revealed that the deceased had become an addict of the online game after making money in the initial stage. However, he is said to have suffered losses in the game later and become an

Plea in SC raises Kashi-Mathura issue

The plea argued that Centre has barred the remedies against illegal encroachment on the places of worship and pilgrimages and now Hindus, Jains, Budhists, Sikhs cannot approach High Court under Article 226

INDO-ASIAN NEWS SERVICE

New Delhi, Oct 31: A plea has been filed in the Supreme Court challenging the validity of a 1991 law which created "arbitrary and irrational retrospective cut-off date of August 15, 1947". It contends that as per the 90s law no suit or proceeding shall lie in court in respect of disputes against encroachment done by fundamentalist, barbaric invaders and law breakers.

The plea filed by BJP leader and advocate Ashwini Kumar Upadhyay argued that Centre has barred the remedies against illegal encroachment on the places of worship and pilgrimages and now Hindus Jains Budhists Sikhs cannot file suit or approach High Court under Article 226. The plea argues that Hindus are

lenging the validity of the provisions of the 1991 Act.

The move has gained significance, as there have been demands to begin litigation on Kashi-Mathura. connected to temples of Lord Shiva and Lord Krishna in Uttar Pradesh A suit in Mathura court has been already admitted.

Upadhyay argued that Centre neither can close the doors of courts of first instance, appellate courts, and constitutional courts for aggrieved Hindus, Jains, Budhists and Sikhs.

The plea contended Section 2,3,4 (of the law) not only offend right to pray practice prorogate religion (Article 25), right to manage maintain administer places of worshippilgrimage (Article 26), right to conserve culture (Article 29) but also contrary to state's duty to protect historic places (Article 49) and preserve religious cultural heritage (Article 51A).

Don't play dirty politics over Pulwama attack, PM tells Opposition

The truth of last year's Pulwama terror attack, in which 40 CRPF personnel were killed, has been accepted in Pakistan Parliament: PM Modi

PRESS TRUST OF INDIA

Kevadiya (Guj), Oct 31: Prime Minister Narendra Modi Saturday said the truth of last year's Pulwama terror attack, in which 40 CRPF personnel were killed, has been accepted in Pakistan Parliament. His statement comes two days

after Pakistan's Science and Technology Minister Fawad Chaudhry admitted his country's role in the Pulwama attack during a debate in their National Assembly (Parliament).

Modi also said that when the entire nation was mourning the brave soldiers' death in Pulwama attack, some people indulged in "dirty politics" for their political gains.

Without mentioning China, the Prime Minister said that Indian soldiers are giving a befitting reply to those eyeing to grab the country's land.

He was speaking at Kevadiya in Gujarat's Narmada district after paying tributes to Sardar Vallabhbhai Patel at the Statue of Unity on his 145th birth anniversary.

"The country cannot forget the unwarranted statements made after the Pulwama attack. Dirty politics laced with selfishness and arrogance was at its peak when the country was suffering from immense pain," Modi said.

"But the real face of such people has been exposed after the truth was accepted in the Parliament of our neighbouring country," he said in his address on the occasion of

Rashtriva Ekta Diwas During a debate in Pakistan's National Assembly Thursday, Chaudhry had said, "Humne Hindustan ko ghus ke maara (We hit India in their home). Our suc-

cess in Pulwama, is a success of this nation under the leadership of Imran Khan. You and we are all part of that success.

The PM said he remained silent despite all the "accusations and filthy words" used against him after the Pulwama terror attack.

"Politics done after Pulwama attack shows that people can cross any limit for their political gains. I want to urge such political parties not to indulge in this kind of politics as it affects the morale of our security forces," he said.

"For your political gains, you should not play into the hands of anti-national forces, knowingly or unknowingly," he added.

Against the backdrop of terror attacks in France and criticism being faced by its President Emmanuel Macron over a cartoon row. Modi said it was a matter of concern for the entire world how some people have come out in support of terrorism.

"In the present situation, all the nations, all the governments and people of all the faiths must get united against terrorism. Peace, brotherhood and respect for each other is the identity of humanity. Terrorism and violence is not good for anyone." he said.

Kolkata: Five Bangladeshis and 12 Indian nationals were apprehended by Border Security Force personnel in separate incidents, for illegally crossing the Indo-Bangla border in West Bengal's Nadia district, a statement issued by the paramilitary force said. Five Bangladeshis and 12 Indian nationals, including one tout, were apprehended by the BSF.

weeks, the signs are piling up that the BJP is distancing itself from Nitish Kumar

AGENCIES

Valmiki Nagar, Oct 31: Here is yet another instance of Chief Minister Nitish Kumar and his key ally in the polls, the BJP, differing on important policy points.

Recently, as Kumar addressed the issue of population-based reservation for jobs and education opportunities in the state, he said that while his government was in favour of such an initiative it could only be implemented with fresh census data. The statements by Kumar were seen as an attempt to mobilise votes from marginalised

communities However, Union Minister Ravi Shankar Prasad sought to temper

such statements by pointing out that while his party supported reservation it would not do anything unconstitutional.

The JD(U) chief was addressing voters in West Champaran district, where a by-poll for the Valmiki Nagar Lok Sabha seat is due November 7. However he likely also had one eye on the ongoing Bihar Assembly elections, the final two phases of which will be held November 3 and 7.

"... as far as the question of population (-based reservation) is concerned, this can only be decided after the census and that decision (on conducting the census) is not in our hands. We want reservation be proportionate to population of castes," Nitish Kumar said.

However, Kumar did not clarify if he was referring to caste-based census data. The Chief Minister has repeatedly demanded such data be part of that gathered by the census.

The Centre has postponed the first phase of Census 2021 - which was scheduled from April 1 to September 30 - because of the Covid-19 pandemic. A final decision on when it will take place has not been made but it is unlikely it will be held this year.

Meerut, Oct 31: Two men have been arrested in western Uttar Pradesh's Meerut after they allegedly cheated a city doctor of 31 lakh by selling him "Aladdin's lamp" - the magical artefact from the popular Middle Eastern folk tale that brings forth a wishgranting genie when it is rubbed.

AGENCIES

The con artists even managed to summon a "genie" from the lamp to convince their victim, according to the doctor who was cheated.

Dr LA Khan filed a complaint with local police October 25, describing in detail how he had been swindled by the now-arrested men - Ikramuddin and Anees. According to the doctor, he first met them when he began treating a woman they described as their "ailing mother".

"I started visiting their home to treat the supposed mother. The

about a baba (godman) whom they claimed also visited their home. They started brainwashing me and asked me to meet this baba, Dr Khan said in his complaint. The doctor said he met the godman "who seemed to perform

visits continued for over a month.

Gradually they started telling me

Con artists summon 'Aladdin',

sell his 'lamp' for ₹31 lakh

such rituals" "Eventually this group told me they would sell me a 'chirag (lamp)' for ₹1.5 crore but I could only offer ₹31 lakh down payment. They told me this lamp would bring wealth, health and good fortune. They said this

is 'Aladdin ka chirag' (Aladdin's lamp)," Dr Khan added. "During one visit "Aladdin" actually made an appearance in

front of me. I did not know who this person was at that time. I later realised (one of) the accused was dressing up as 'Aladdin',' he said.

fresh Covid-19 infections, India's caseload rose to 81,37,119 Saturday, while the number of recoveries crossed the 74-lakh mark, pushing the recovery rate to 91.34 per cent, according to the Union Health Ministry data.

The country's Covid-19 death toll climbed to 1,21,641 with 551 new fatalities, the data updated at 8 am showed. A total of 74,32,829 people have recuperated from Covid-19 so far, taking the national recovery rate to 91.34 per cent. The case fatality rate has dropped to 1.49 per cent. The number of active COVID-19 cases remained below 6 lakh for the second consecutive day.

There are 5,82,649 active cases of coronavirus infection in the country, which comprise 7.16 per cent of the total caseload, the data stated. India's Covid-19 tally had crossed the 20-lakh mark August 7. 30 lakh August 23 and 40 lakh September 5.

Hackers attack 100 key people to collect intelligence: Microsoft

PHOSPHORUS, AN IRANIAN THREAT ACTOR, TARGETED POTENTIAL ATTENDEES OF THE UPCOMING MUNICH SECURITY **CONFERENCE AND THE THINK 20 (T20) SUMMIT IN SAUDI ARABIA**

INDO-ASIAN NEWS SERVICE

New Delhi, Oct 31: Microsoft has detected and worked to stop a series of cyber-attacks from hackers masquerading as conference organisers to target more than 100 high-profile individuals, including former am-

bassadors and other senior policy experts, for intelligence collection

purposes Phosphorus, an Iranian threat actor, targeted potential attendees of the upcoming Munich Security Conference and the Think 20 (T20) Summit in Saudi Arabia.

The Munich Security Conference is the most important gathering on the topic of security for heads of state and other world leaders, and

it has been held annually for nearly 60 years.

Likewise, T20 is a highly visible event that shapes policy ideas for the G20 nations and informs their critical discussions.

"Based on current analysis, we do not believe this activity is tied to the US elections in any way," said Tom Burt, Corporate Vice-President, Customer Security and Trust at Microsoft.

The attackers have been sending possible attendees spoofed invitations by email.

The emails use near-perfect English and were sent to former government officials, policy experts, academics and leaders from non-governmental organisations.

"Phosphorus helped assuage fears of travel during the Covid-19 pandemic by offering remote sessions,"

Burt said in a statement Friday. "We believe Phosphorus is engaging in these attacks for intelli-

gence collection purposes. The attacks were successful in compromising several victims, including former ambassadors and other senior policy experts who help shape global agendas and foreign policies in their respective countries," he elaborated.

This activity was uncovered by Microsoft's Threat Intelligence Center, or MSTIC, which tracks the world's nation-state and cybercrime actors.

"We've already worked with conference organizers who have warned and will continue to warn their attendees, and we're disclosing what we've seen so that everyone can remain vigilant to this approach being used in connection with other conferences or events," Microsoft said.

The nation-state cyber attackers routinely pursue think tanks, policy organisations and governmental and non-governmental organisations, seeking information that an attacker can use for their benefit.

'We will continue to use a combination of technology, operations, legal action and policy to disrupt and deter malicious activity, but nothing replaces vigilance from people À who are likely targets of these operations," Burt advised.

As always, enabling multi-factor authentication across both business and personal email accounts will successfully thwart most cre-dential harvesting attacks like these, Microsoft said.

Online functioning of courts, necessitated due to the coronavirus pandemic, created an unintended inequality as some people did not have access to digital technology

Jaunpur / Deoria (UP) Oct 31: Welcoming the Allahabad High Court ruling that declared the conversion for the sole purpose of marriage as null and void, Uttar Pradesh Chief Minister Yogi Adityanath Saturday said his government would deal with "love jihad" with a firm hand.

If the people do not stop "playing with honours of daughters and sisters" by concealing their identities, "the Ram Naam Satya journey will start", said the Chief Minister in a stern warning.

'The Allahabad High Court had Friday said the conversion should not be resorted to solely for the marriage and it should not be given validity," said Adityanath, adding his government is also "taking a decision to check love jihad sternly". The chief minister made the re-

marks while addressing a rally for the November 3 by elections for the Malhani assembly seat in Jaunpur and that of Deoria. "We will bring an effective law. It is my warning to those who play with the honour

ways, the Ram Naam Satya journey will start," said Adityanath.

"The posters of those involved in love jihad will be put on all road crossings," he said. Referring to the Mission Shakti programme of his government, the chief minister said the programme is meant to and dignity of sisters and daughters ensure the safety, security and hoby hiding their real names and nour of women, but if anyone still identities, if they do not mend their dares to indulge in any misadven-

ture, the Operation Shakti is underway. "The court's verdict will be followed and the honour and dignity of women will be ensured," he declared. In Deoria, he said, an attempt was made to illegally grab the ashram of renowned saint Devraha Baba following which he was forced to shift to Vrindavan.

This has prompted the BJP government to start building a hospi-

tal there in his name, he said, adding the academic work too will start there from the next session and the people of the area will also get expert medical treatment.

Claiming that the rule of mafia and goonda elements has come to an end in the state, the chief minister said the Samajwadi Party chief is today worried because he had sympathy for such elements but the government has launched a drive against them.

Attacking the Congress, SP and Bahujan Samaj Party, the chief minister said their governments had worked on the basis of caste while the BJP government is working for all sections of the society with complete sincerity, honesty and devotion.

The Chief Minister said seeing the massive support to his party, the Samajwadi Party, out of desperation, is conspiring to instigate riots in the state where no such incident has taken place for the past three and half years nor would it be allowed at any cost. Asserting that the government jobs are no longer up for sale in Uttar Pradesh, the chief minister said in three and half years during his governance, over 3.50 lakh youths have got government jobs.

Nath moves SC against EC order

Senior lawyer and Congress Rajya Sabha MP Vivek Tankha said that the former Chief Minister has challenged the EC's decision on various grounds and an urgent hearing on his plea would be sought

PRESS TRUST OF INDIA

Madhya Pradesh Chief Minister Kamal Nath has moved the Supreme Court challenging an order of the Election Commission to revoke the Congress leader's "star campaigner" status for violations of the model code during campaign for the bypolls in 28 assembly constituencies in the state.

Senior lawyer and Congress Rajya Sabha MP Vivek Tankha said that the former Chief Minister has challenged the EC's decision on various grounds and an urgent

The plea has been filed through panel on Friday took note of alleged breach of "ethical and dignified behaviour" and revoked the Congress leader. While the politiother campaigners. In the order, and for completely disregarding the advisory issued to him, the Commission hereby revokes the status of leader of political party Ex-Chief Minister, Madhya Pradesh, with immediate effect for the current Bye-elections of Legislative

It said no permission will be granted by authorities to Nath as a star campaigner. "However, if any campaign is done by Kamal Nath from now onwards, the entire expenditure related to travel, stay and visit will be completely borne by the candidate in whose constituency he carries out campaigning," it said.

The EC said it has carefully considered the matter and has observed with "displeasure that Kamal Nath. despite being a leader of a political party, is repeatedly violating the provisions of Model Code of Conduct and breaching the ethical and dignified behaviour". The commission referred to his remarks against Madhya Pradesh Chief Minister Shivraj Singh Chouhan.

He had used the words "mafia" and "milawat khor" against a political rival at a recent campaigning event. Last week, the EC had asked Nath not to use words like "item" in campaigning.

He had used the jibe to hit out at state minister and BJP candidate Imarti Devi at a rally. The commission had announced the poll schedule on September 29 and the MCC came into immediate effect. Campaigning for the bypolls ends on November 1.

Sushil Modi stokes controversy INDO-ASIAN NEWS SERVICE "This is bizarre to know that a person at a responsible post is involved

Patna, Oct 31: Bihar Deputy Chief Minister Sushil Kumar Modi has landed in a controversy after it emerged he was involved in election campaigning despite testing Covid positive 9 days ago. Modi was involved in road show

in Danapur in favour of the BJP candidate on Friday evening and he is also campaigning in Peerpaiti, Bhagalpur, Bakhtiyarpur-Khusrupur and Fatuha in Patna district on Saturday.

Sushil Modi tested Covid positive October 22 and was admitted in Patna AIIMS. As per Covid norms of health department any person found infected should undergo isolation for 14 days.

RJD leader and state spokesperson Chitranjan Gagan countered Sushil Kumar Modi and said: "Was he really infected with coronavirus or he was admitted in hospital to gain sympathy of voters? BJP leaders are one by one infected with coronavirus.

"As he claims that he was having coronavirus and hospitalised in

positive October 22 and was admitted in Patna AIIMS Patna AIIMS. The doctors have

asked him to undergo home quarantine for 14 days. Why he is doing election campaign and spreading the virus to others? Who gives him freedom to roam in public and put others' lives in danger?" Gagan said.

Nationalist Congress Party (NCP) went a step ahead and alleged that the BJP-led NDA government is responsible for "murder" of devotees of Durga and its leaders are spreading coronavirus to "kill" com-

Man killed

Mumbai: A 22-year-old man was allegedly stabbed to death after he intervened in a scuffle between friends in the eastern suburb of Chembur here, police said Saturday. The police arrested four persons within a few hours of the incident that took place at Chembur camp on Friday night, an official said. The victim identified as Akshay Desai was on his way home with his brother Aditya and friend Vicky Shejul, when they came across four persons fighting, he said.

MAHA COVID **DEATHS FALL**

INDO-ASIAN NEWS SERVICE

Mumbai, Oct 31: Maharashtra Covid-19 deaths fell again to sub-100 levels with a drop in the number of 'active cases' while recoveries remained higher than fresh infections, indicating a flattening of the curve, health officials said Saturday.

terror operations were buried in Dropping below the 100-mark far-flung areas from their homes to May levels, the state witnessed this year so far in Jammu & 74 deaths - compared with the peak Kashmir. A total of 171 terrorists of 515 (September 15), and the state were killed in the hinterland in the fatalities shot up from 43,838 to valley till October 10 this year. 43.911 now. The state recorded 5.548 In April this year, the state adnew cases - around one-third comministration had taken a decision pared with the peak single-day

to carry out the burial of killed tally of 24,886 (September 11), and local terrorists in areas far from the state tally jumped from 16,72,858 their hometowns to help the seto 16,78,406 cases till date. The state curity establishment in mainrecovery rate increased from 89.85 taining law and order in the valper cent to 89.99 per cent - while the current mortality (death) rate

ley. The administration has also decided that they won't hand over bod-

ies to family members in order to stop pro-jihad gatherings.

"Burial procession of killed local terrorists had become a recruiting ground for Pakistan-based terror organisations," said an Indian Army officer.

The deaths of terrorists were often a public spectacle. Locals grieve the loss saying that the slain terrorists fought against the state's armed forces

Further, the burial processions used to attract huge local crowds and in every such procession, a minimum of two to three youth got deviated and joined the terror outfits. "It was a very challenging task for us to stop such recruitments," said another officer.

LJP a headache for NDA in Bihar polls

EARLIER THIS MONTH, THE LJP HAD ANNOUNCED THAT IT WILL CONTEST THE BIHAR ASSEMBLY POLLS INDEPENDENTLY, SEVERING TIES WITH ITS ONCE ALLY IN THE STATE, THE NDA

INDO-ASIAN NEWS SERVICE

Patna, Oct 31: The Lok Janshakti Party (LJP) is turning out to be a headache for the ruling NDA, particularly the Janata Dal (United), in the ongoing Bihar Assembly elections as it has fielded rebellion candidates against the JD-U in majority of the constituencies.

Earlier this month, the LJP had announced that it will contest the Bihar Assembly polls independently, severing ties with its once ally in the state, the NDA. A lot of candidates, who were denied tickets following the seat sharing formula between the JD-U and the

stood stable at 2.62 per cent.

BJP, have joined the LJP and have been given tickets. Such a situation is likely to benefit the Mahagathbandhan in the state.

The Maharajganj constituency in Siwan is likely to witness the most interesting contest as JD-U has fielded Hem Narayan Singh while the LJP has fielded Deo Ranjan Singh, who turned rebel after the BJP denied him the ticket, whereas the Congress has given ticket to senior leader Vijay Shankar Dubey. The situation is similar in all

the eight Assembly constituencies in Siwan. Both Shah and Singh contested the 2015 Assembly elections on tickets of the JD-U and the BJP, respectively. Shah had defeated Singh by a margin of 20,000 votes

The poll campaigns in

Maharajganj are also turning out to be quite interesting with Shah slamming his opponents for washing hands and maintaining distance with the voters. Notably, Singh washes his hands every time he shakes hands with the voters in order to minimise the threat of coronavirus, while Congress candidate Dubey is campaigning from inside his SUV.

Taking a dig at both the candidates, Shah said one is continuously washing hands while the other is maintaining distance with the voters. This shows that both of them are avoiding the general public, he said.

Delhi witnesses coldest Oct in 58 yrs

PRESS TRUST OF INDIA

New Delhi, Oct 31: The month of October was the coldest in 58 years in the national capital, according to India Meteorological Department (IMD) data.

The mean minimum temperature in October this year was 17.2 degrees Celsius, the lowest since 1962, when it was 16.9 degrees Celsius, the IMD said. Normally, Delhi records a mean minimum temperature of 19.1 degrees Celsius in October.

On Thursday, Delhi recorded a minimum temperature of 12.5 degrees Celsius -- the lowest in the month of October in 26 years. The last time Delhi recorded such a low temperature was in 1994. The

national capital had recorded a low of 12.3 degrees Celsius on October 31, 1994, according to the IMD data. The normal minimum temperature for this time of the year is 15-16 degrees Celsius, the IMD said. Kuldeep Srivastava, the head of the IMD's regional forecasting center, said the absence of cloud cover is a major reason for such low minimum temperatures this time.

Clouds trap some of the outgoing infrared radiation and radiate it back downward, warming the ground. Another reason is calm winds, which allow formation of mist and fog, Srivastava said. Delhi had recorded its all-time low temperature of 9.4 degrees Celsius on October 31, 1937, he said.

Turkey, Greek island quake: Toll reaches 27

ASSOCIATED PRESS

Izmir (Turkey), Oct 31: Rescue teams Saturday plowed through concrete blocks and the debris of eight collapsed buildings in search of survivors of a powerful earthquake that struck Turkey's Aegean coast and north of the Greek island of Samos, killing at least 27 people. More than 800 others were injured. The quake hit Friday afternoon, toppling buildings in Izmir, Turkey's third largest city, and triggering a small tsunami in the district of Seferihisar and on Samos. The quake was followed by hundreds of

aftershocks.Early Saturday, on-

and urban planning minister, told reporters. Some 5,000 rescue personnel

were working on the ground, Kurum said.

At least 25 people were killed in Izmir, including an elderly woman who drowned, according to Turkey's Disaster and Emergency

ble of a devastated eight-floor apartment block in Izmir's Bayrakli district. Her dog, Fistik, was also rescued, Sozcu newspaper reported. Friends and relatives waited outside the building for news of loved ones still trapped inside, including em-

ployees of a dentist's surgery that was located on the ground floor. In another collapsed building, rescuers made contact with a 38vear-old woman and her four children — aged 3, 7 and 10-year old twins — and were working to clear a corridor to bring them out, staterun Anadolu Agency reported.

Two other women, aged 53 and 35, were brought out from the rubble of another toppled two-story building earlier Saturday.

In all, around 100 people have been rescued since the earthquake, Murat Kurum, the environment Management Presidency, or AFAD. Two teenagers were killed on Samos after being struck by a collapsing wall. At least 19 people were injured on the island, with two, including a 14-year-old, being air lifted to Athens and seven hospitalized on the island, health authorities said. The small tsunami that hit the

Turkish coast also affected Samos, with seawater flooding streets in the main harbour town of Vathi. Authorities warned people to stay away from the coast and from potentially damaged buildings.

The earthquake, which the Istanbul-based Kandilli Institute said had a magnitude of 6.9, was centered in the Aegean northeast of Samos. AFAD said it measured 6.6 and hit at a depth of some 16 kilometers (10 miles)

FRANCE CHURCH ATTACK

Assailant's family demands answers

AGENCIES

Sfax, Oct 31: A third suspect is in French custody Saturday in connection with an Islamic extremist knife attack that killed three people in a Nice church, as the family of the suspected Tunisian assailant demanded to see video footage of what happened.

Investigators in France, Tunisia and Italy are trying to determine the motive of chief suspect Ibrahim Issaoui and whether he acted alone and whether he premeditated Thursday's attack on the Notre Dame Basilica.

Authorities have labeled the attack, which took place amid growing tensions around cartoons published by a French newspaper mocking the Prophet Muhammad, an act of Islamist terrorism, Issaoui, who transited through Italy last

A 35-year-old man who had met with Issaoui in Nice was arrested overnight, a judicial official said Saturday, A 47-year-old man who had bringing the number of detained suspects to three. Their connec-

tion to the attack remains unclear. A previously unknown Tunisian extremist group claimed responsibility for the attack, and Tunisian and French authorities are investigating whether the claim is legitimate.

In Issaoui's hometown of Sfax, his family expressed shock and appealed for peace. But they also expressed bewilderment that this young man who drank alcohol and showed no outward signs of radicalism would flee to France and at tack a church.

'We want the truth about how my son carried out this terrorist attack. I want to see what the surveillance cameras showed. I will not give up my son's rights outside the country. I want my son, dead or alive," his mother Gamra told The Associated Press, her words often interrupted by tears.

Philippines evacuates 1 mn as strongest typhoon draws near

REUTERS

Manila, Oct 31: Officials have evacuated almost a million residents in the southern part of the Philippines' main island of Luzon as a category 5 storm - the world's strongest this year - makes landfall Sunday.

Typhoon Goni, with 215 kph (133 miles) sustained winds and gusts of up to 265 kph (164 mph), will bring violent winds and strong rains, state weather and disaster officials said.

It is among the strongest typhoons to hit the Philippines since Haiyan, which killed more than 6,300 people in 2013.

"We are having a hard time with COVID-19, and then here comes another disaster," Senator Christopher Go, the top aide of

President Rodrigo Duterte, told a virtual news conference. Local executives should ensure that the virus does not spread in evacuation centres, he said.

Officials have started pre-emptive evacuations, with Albay province bringing 794,000 residents to safety, Ricardo Jalad, executive director of the national disaster agency, told a news conference.

Iraq clears sit-in square

Baghdad: Iraqi security forces Saturday cleared out sit-in tents from the capital's central square that has been the epicentre of the anti-government protest movement, a year after the eruption of demonstrations against corruption led to months of clashes with authorities across Iraq. More than 500 people were killed during the monthslong protest movement, many of them demonstrators shot by Iraqi security forces.

PRESS TRUST OF INDIA

Washington, Oct 31: US President Donald Trump has accused his rival and Democratic presidential candidate Joe Biden of being a corrupt career politician who has done nothing but betray the Americans for the last 47 years.

Trump is known to make unsubstantiated allegations against his rival, often making untrue claims. There is no evidence of Biden ever being tainted by corruption.

Addressing a rally in Rochster in Minnesota Friday, Trump, 74, said Biden has obsession for power.

"Biden is a grimy, sleazy and corrupt career politician who has done nothing but betrayed you for 47 long years. He will look you in the eyes, and then turn right around and stab you in the back. The only thing

he cares about is political power,' Trump said.

A Democratic stronghold, Trump is seeking to wrest Minnesota for the Republicans for decades. He is currently trailing behind Biden with five percentage points.

Making a strong case for his reelection, Trump told his supporters that giving him a decisive victory on November 3 is the only way to defend their dignity.

"There is only one way to defend your family and your country. There

is only one way to preserve, protect and defend the American Way of Life: you must show up and vote on November 3," he said.

"On November 3, vote to defeat Biden and Save American Freedom," Trump said, alleging that his opponent will continue his 47 years of cruelly betraying African-Americans.

Biden called them super-predators, ripped apart their communities, and did everything in his power to wipe out the Black middle class, said the president.

Noting that Biden's plan will delay the COVID-19 vaccine, postpone therapies, crash the economy, and shut down the entire country, Trump asserted that under his plan, the administration will deliver a safe vaccine to the American People in just a few short weeks!

AGENCIES

Washington, Oct 31: Transmission of the novel coronavirus within households is high, occurs quickly, and can originate from both children and adults, according to a new study which assessed 101 houses in the US

COVID-19 spreads faster

within households: Study

The preliminary findings from the ongoing research, published in the journal Morbidity and Mortality Weekly Report, revealed that 51% of others living with someone who was positive for COVID-19 also became infected.

We observed that, after a first household member became sick, several infections were rapidly detected in the

household," said Carlos G. Grijalva, study co-author and associate professor of Health Policy at Vanderbilt University Medical Center in the US.

Those infections occurred fast, whether the first sick household member was a child or an adult." Grijalva said.

According to the research, at least 75 per cent of the secondary household infections occurred within five days of the first person in the household experiencing symptoms.

It also found that less than half of household members experienced symptoms when they first tested positive, and many reported no symptoms throughout the seven-day daily follow-up period.

Astronauts from 19 countries have floated through the space station hatches, including many repeat visitors who arrived on shuttles for short-term construction work, and several tourists who paid their own way.

The first crew — American Bill Shepherd and Russians Sergei Krikalev and Yuri Gidzenko blasted off from Kazakhstan on Oct. 31, 2000. Two days later, they swung open the space station doors, clasping their hands in unity.

Shepherd, a former Navy SEAL who served as the station commander, likened it to living on a ship at sea.

The three spent most of their time coaxing equipment to work; balky systems made the place too warm. Conditions were primitive, compared with now

bioterrorism".

entific journals about biological and chemical advancements.

"For both the jihadists and the far rights, the pandemic has offered new opportunities and methods for

unleashing violence against the objects of their hate," said study lead author Arie Kruglanski from the University of Maryland in the US "Though everyone's attention is

naturally drawn to the immense health and economic challenges that the pandemic poses, we cannot ignore the potential storm of intensified world terrorism that seems to be gathering in its shadows," Kruglanski added.

The uncertainty and confusion caused by the Covid-19 pandemic is being "widely exploited by terror groups for spinning a plethora of sinister schemes", which could lead to a new tide of violence against people and governments.

The team of experts noted "far from uniting humanity against a common threat," the pandemic has enabled -- or at least not stopped --

a vast range of incidents. These include: ISIS attacks in seven countries in March alone:

the Islamic State Khorasan Province carrying out a "devastating" attack in a funeral parlour in Afghanistan, Al-Qaeda-affiliated Al Shabab organisation reporting 37 attacks in Somalia and Kenya, and in Mali, al Qaeda-linked Jama'at Nasr al-Islam kidnapping a high-profile opposition leader.

"Terror organisations have used the pandemic as a golden opportunity to tie their messaging to information about the disease and intensify their propaganda for purposes of recruitment and incitement to violence," Kruglanski stressed

'The awe of the pandemic notwithstanding, extremist groups have not ceased sowing their ownbrand of horror." the authors wrote.

ICICI Bank Q2 profit zooms to record high as core income rises

i ICICI Bank

Mumbai, Oct 31: ICICI Bank Saturday reported over four-fold jump in consolidated net profit at ₹4,882 crore for September quarter driven largely by core income growth and lesser provisions for the pandemic-related impact. In the year-ago quarter, the profit stood at ₹1,131 crore.

On a standalone basis, the second largest private sector lender's profit after tax jumped to ₹4,251 crore as against ₹655 crore in the year-ago period, which is the highest quarterly growth in its history.

The core net interest income(NII) moved up 16 per cent to ₹9,366 crore despite a 0.10 per cent contraction in the net interest margin (NIM) to 3.57 per cent and credit growth being nearly half that of deposit growth at 6 per cent.

Its president Sandeep Batra attributed the high profit growth to NII, and credited the strategy of "risk calibrated growth" followed by the bank under new leadership over the last two years for delivering higher income.

NIM was lower because of the excess liquidity in the system, as the bank was not able to deploy the higher deposits it got for loans, the management said, making it clear that it will now be more open to lending across segments as the economic activity normalises, but follow the same strategy.

ED arrests man under PMLA in ₹750 cr bank loan fraud

PRESS TRUST OF INDIA

New Delhi, Oct 31: The Enforcement Directorate has arrested a person in connection with a money laundering case linked to an alleged ₹750 crore bank loan fraud committed by misusing credit facilities, the central probe agency said Saturday. It said Sai Chandrasekhar was arrested under the Prevention of Money Laundering Act on Friday following which a local court here sent him to seven days ED custody. The money laundering case against Chandrasekhar pertains to a probe initiated by the agency against Virkaran Awasty, Vinod Sirohi and KPMG India Pvt Ltd, it said in a statement.

supply of 15K tonnes of imported red onions

New Delhi, Oct 31: Cooperative Nafed Saturday invited bids from importers for supply of 15,000 tonnes of red onions by November 20 in order to boost the domestic availability and check price rise. The cooperative has asked bidders to supply 40 to 60 mm size of red onions from any country of origin at ₹50 per kg by November 20. The bidding will close November

on the next day, it said. at Jawaharlal Nehru Port and

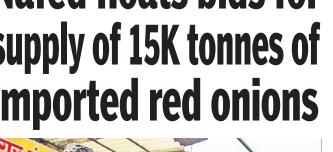

'We have floated tenders for supply of 15,000 tonnes of imported red onions. This will help increase the domestic supply situation," Nafed Additional Managing Director SK

Singh said. The bids will be evaluated based on volumes, quality and early date of shipment. Bidders have to supply fresh, well dried and cured onions, he added

To ensure better participation in the tender, Singh said it has been decided to keep the minimum bid quantity lower at 1,000 tonnes (instead of 2,000 tonnes) which has to be supplied in multiple lots of 100 tonnes.

Since the buffer stock of onion, which Nafed manages on behalf of the government, is gradually getting depleted, the cooperative has been asked to augment domestic supplies with imported onions to continue with ongoing market intervention.

Last year, Nafed had not only

asked bidders to supply 40 to 60 mm size of red onions from any country of origin at ₹50 per kg by November 20 imported on its own some quantities but also distributed onions im-

4 and received bids will be opened The shipments are to be delivered

Kandla ports, it added.

Even the size of onion Nafed has specified for supply is what Indians normally consume. Last year, big size onions were imported but there were hardly any takers for that. So far, Nafed has offloaded around 37,000 tonnes of onion from the buffer stock of nearly 1 lakh tonnes

ported by state-run MMTC.

This year, it wants to get the sup-

plies from importers so that ship-

ments could arrive fast and im-

prove the domestic supply situation.

in select mandis and retail markets so that to check retail prices which have skyrocketed to over ₹80 per kg in some parts of the country due to damage to the kharif crop in the wake of heavy rains in the key growing states.

On October 30, Commerce and Consumer Affairs Minister Piyush Goyal had said that private traders have already imported 7,000 tonnes of onion and another 25,000 tonnes are expected to arrive before Diwali. The government hopes that the

several measures taken recently including ban on export of onion and stock limits on traders will help ease pressure on prices during the festival period.

Nafed floats bids for Nirmala wanted me out of **Finance Ministry: Garg**

Garg, who took VRS soon after being moved from the finance ministry, said Sitharaman, unlike her predecessor Arun Jaitley, had "a very different personality and knowledge endowment"

AGENCIES

New Delhi, Oct 31: Subhash Chandra Garg, the former finance secretary who was shunted out of the finance ministry within three weeks of Modi-2.0 government's first budget last year, Saturday alleged that new Finance Minister Nirmala Sitharaman got him transferred out.

Garg, who took voluntary retirement soon after being moved from the finance ministry - where he handled the Department of Economic Affairs - to power ministry, said Sitharaman, unlike her predecessor Arun Jaitley, had "a very different personality and knowledge endowment".

Both Ministry of Finance and Sitharaman's office refused to comment on the blog Garg wrote on the day he said he would have in normal course retired from the government service but for the VRS.

Garg said he "did not share a good and productive working relationship" with Sitharaman, who came to the finance ministry "with some pre-conceived notions about me".

"She did not seem to have confidence in me. She was not quite comfortable working with me as well," he said adding differences over surplus RBI should give as dividend to the government and dealing with problems of non-banks had surfaced within months of her takeover.

POST NEWS NETWORK

Bhubaneswar, Oct 31: India's largest and most preferred jewellery brand Tanishq Saturday announced exciting offers ahead of Diwali. Customers can now avail up to 25% off on making charges of gold iewellerv and on diamond jewellery value with offer being available for a limited time period.

The festive fervour with Tanishq's exclusive festive collection 'Ekatvam' has allured customers. The collection is inspired by the theme of 'Oneness' and is a true confluence of India's finest art forms, intricately knitted into one magnificent collection that brings alive the beauty of Oneness.

Ekatvam is an ode to the rich artistry of some of the India's best Karigars who have come together

in spirit of togetherness from around the country. The splendour of this collection lies in the integration of various regions across India featuring 15 different art forms, bound together as one masterpiece in each piece of jewellery.

Tanishq's exquisite festive collection 'Ekatvam' is available at starting price of ₹40,000 and the collection will be available across all Tanishq stores in India and on Tanishq's e-commerce platformhttp://www.tanishq.co.in.

VP Category, Marketing & Retail, Tanishq, Titan Company Limited Arun Narayan said, "The new exciting collection is a confluence of various art forms from around the country featuring the artistry of our nation's best karigars across craft centres bringing alive the central thought of the beauty of oneness."

The PMLA case was filed against them after studying an FIR registered by the economic offences wing (EOW) of the Delhi Police on the basis of a complaint received from Hassad Netherlands BV.

Hassad Netherlands BV, a subsidiary of Hassad Food Company was "induced" by Virkaran Awasty and Ritika Awasty, Directors of Bush Foods Overseas Pvt Ltd, to part with funds amounting to USD 120 million (about ₹750 crore) by misrepresenting the level of stocks/inventory, the ED alleged.

'Rise of monopolies is giving India a better deal'

INDO-ASIAN NEWS SERVICE

New Delhi, Oct 31: Monopolies are the main agents of positive change in Indian society, investment banker Saurabh Mukherjea said Saturday. Speaking at AIMA's LeaderSpeak programme, Mukherjea, who is the Founder and Chief Investment Officer of Marcellus Investment Managers tried to break the general thinking that monopolies may always be harmful.

"The rise of monopolies in India hair oil, cookis giving India a better deal," he ing said arguing that disapproval of pharma APIs, monopolies is a result of the sohealth diagcialist legacy but that would change nostics etc are as India embraces capitalism. among a whole

He said that most of the sectors host of sectors that of Indian industry are dominated have monopolies. by monopolies and the monopolists According to his re-

are the source of investment, innovation and wealth creation. The session was moderated by TV

Mohandas Pai, Chairman, Manipal Global Education, and was anchored by Rekha Sethi, Director General, AIMA.

Strengthening his case for monopolies, Mukherjea The pointed out out that rise of NBFCs, small cars, monopolies in India is paints, adhesives, giving India a better deal. biscuits, baby The disapproval of milk powder, monopolies is a result of the socialist legacy but that would oil. change as India embraces capitalism

> SAURABH MUKHERJEA I FOUNDER AND CHIEF INVESTMENT OFFICER, MARCELLUS INVESTMENT MANAGERS

search, the top rate sector and their share will only 20 companies in increase in the future.

India generate 70 He said that in 1992-93, the top 20 companies accounted for only 15 per per cent of the profits of cent of the total profits. In fact, the top two companies in most secthe corpo-

tors take 85 per cent of the sector's profits.

The reason they can do so is that they have larger free cash flows and they reinvest two-thirds of the profits into growth and building barriers against competition. "The large swathes of Indian economy are controlled by 20-25 families," he said.

He argued that price wars are not a route to a monopoly but having a secret insight into the market is. He said that the paint and the NBFC monopoly are actually data companies with superior market intelligence, which allows them to create and control segments and corner the best customers.

The monopoly builders are always quiet, focused people who shy away from media and do not buy sports teams or associate with film

stars once they get rich, according to Mukherjea.

Pai pointed out that monopolies were seen as a danger to the society that distort markets by destroying competition and often make obscene profits. He mentioned that IT companies were not monopolies and yet they grew fast and generated huge returns.

Mukherjea argued that true monopolists' strategy is to hold prices down to destroy their competitors. He said that most Indian monopolies raise prices by 1-2 per cent every year, at a rate much lower than the rate of inflation, which drains their competitors.

"By increasing prices slowly, monopolies suffocate the rivals," he said. However, he added, such mo-nopolies are great for the customers who get a much better deal.

TODAY'S

MATCHESES

VS KKR

TELECAST: STAR SPORTS

SIPL

PRESS TRUST OF INDIA

Dubai, Oct 31: They have just given their playoffs qualification hopes a lift and Rajasthan Royals will look to sustain the momentum against Kolkata Knight Riders (KKR) in another must-win IPL game here Sunday.

Besides a victory in their last league game, the inaugural edition winners will also need other results to go their way if they are to make the playoffs of the lucrative event, in its 13th edition now.

The best-case scenario for RR would be Kings XI Punjab losing their last match and Sunrisers Hyderabad winning no more than one in their last two outings. In that case, RR will go through with 14 points, without net run rate coming into play.

However, RR's first task is to do what is within their control-win the match against KKR and then hope for the best. Given the tight situation, the bigger the margin of win, the better it will be for the Steve Smith-led side. The Rovals can certainly

look forward to their batting at the Dubai International Stadium. Their

talismanic England all-rounder Ben Stokes had made a breezy half century after picking up two wickets, in the team's win over KXIP, Friday.

The 2019 World Cup final hero getting his mojo back, at such a crucial juncture of the tournament, is great news for the Royals. And, needless to say, a bad one for KKR as the leading all-rounder can singlehandedly influence the outcome of a game.

Sanju Samson rediscovering his touch must have also gladdened the hearts of the RR team management. The wicketkeeper-batsman had started the tour-

nament on an explosive note before going off the rails midway, only to come back all guns blazing against KXIP.

Smith can play according to the situation and opener Robin Uthappa can put any attack to the sword on his day. No opposition takes Jos Buttler lightly and

then there is Rahul Tewatia and young Riyan Parag down the order, beefing up RR's batting. Jofra Archer has been the standout performer with the ball and he will again shoulder RR's responsibility in bowling. While they have as many points as RR and KXIP, KKR's road to the

playoffs looks the toughest, thanks to their abysmal net run rate. Their only chance of qualification is if they beat Royals and finish on 14 points, with none of the other contenders reaching that tally. That seems improbable, the last two successive losses badly hurting

their prospects. Nevertheless, the likes of Shubman Gill, Nitish Rana, captain Eoin Morgan in batting and Varun Chakravarthy, Pat Cummins and Kamlesh Nagarkoti with ball would like to give it their all.

PRESS TRUST OF INDIA

Abu Dhabi, Oct 31: Their play-off chances hanging in balance, Kings XI Punjab (KXIP) will

leave no stone unturned as they take on Chennai Super Kings (CSK) in CSK VS KXIP 🐻 a must-win Indian Premier League (IPL) game here unday KXIP's

chances of a top four finish took a serious hit after Rajasthan Royals handed them a seven-wicket loss, snapping their impressive five matchwinning streak.

The defeat means KXIP's fate is not solely in their hands as even a win against CSK will not ensure them a play-off spot. The Punjab outfit will need other results to go their way.

If Sunrisers Hyderabad (10 points from 12 games) win both their remaining matches and the loser of the Delhi Capitals (14) and Royal Challengers Bangalore (14) game finishes higher on the points table -either in terms of points or by virtue of to the clash after notching up back-toback wins over RCB and Kolkata Knight Riders. With skipper Rahul, the leading run-scorer of the tournament, and the flamboyant Chris Gayle coming good and the marauding Nicholas Pooran to follow at No.4, KXIP will fancy their chances at the Sheikh Zayed Stadium.

It remains to be seen if Mayank Agarwal, who has missed three games, returns to the side. KXIP's bowling has been instrumental in their recent wins. However, against the Royals they leaked runs and were unable to pick wickets and skipper Rahul will hope his

bowlers will be on top of their game against a CSK side, which cruised to a 10wicket win in their previous meeting.

For CSK, 23-year-old Ruturaj Gaikwad has shown a lot of spark, notching up back-to-back fifties to set up the wins against RCB and KKR. Ravindra Jadeja has been in fantastic form, smashing boundaries and sixes towards the end of the innings. The CSK bowling unit, boosted by the inclusion of New Zealand spinner Mitchell Santer, has done well in the previous two outings and will look to keep the momentum going.

MI ENSURE TOP-2 FINISH

MATCH-WINNING EFFORTS: (Clockwise) Jasprit Bumrah rejoices after dismissing a DC batsman: Ishan Kishan sweeps during his innings; Trent Boult (R) is congratulated by his teammates after taking a wicket in Dubai. Saturday

blows, Jasprit Bumrah (3/17) broke lost four on the bounce and with a the backbone of the DC middle match left, are in danger of miss-

nine out of 10 times and the pocket dynamo Kishan played a splendid knock to make the chase look like a walk in the park.

Not for once did DC looked like being in control as they made the Dubai strip and the MI bowling attack look doubly menacing with some of the best batsmen abdicating their responsibilities of playing fearless cricket

Boult was brilliant upfront removing openers Shikhar Dhawan (0) and Prithvi Shaw (10) in the powerplay which pegged the DC back. Captain Shreyas Iyer (25) and Rishabh Pant (21) then compounded their team's worries as they failed to regain the lost momentum.

Quinton de Kock effected an 'MS Dhoni-esque' stumping off Rahul Chahar to see Iver's return to the hut after which came Bumrah's devastating two-over spell.

A ball pitched on length was climbing up while moving a shade away which Marcus Stoinis edged to the wicketkeeper. Pant's misery ended when Bumrah came round the wicket and fired one from wide off the crease that came in with the angle to trap him leg before. He then tormented Harshal Patel, who played and missed a few before being adjudged leg-before.

If Delhi Capitals miss out on a play-off berth, Iyer-Pant duo will nave to accept their responsibility as premier international players in this DC line-up.

Amit Phangal, Sanjeet strike gold Benzema scores brace

Karim Benzema (in white) strikes past Huesca goalie for a goal

AGENCIES

Madrid, Oct 31: Karim Benzema struck twice, while Eden Hazard scored his first Real Madrid goal for more than a year as the La Liga champions eased to a 4-1 win over Huesca here, Saturday.

Making his first league appearance of the season, the Belgium star opened the scoring in brilliant fashion before Benzema doubled the lead at Estadio Alfredo Di Stefano.

Federico Valverde scored the third after some fine interplay between Benzema and Hazard, who looked sharp throughout his hour on the pitch, before David Ferreiro's consolation.

Much of the pre-game talk had centred on Benzema and a recording of him appearing to tell Ferland Mendy not to pass to Vinicius PRESS TRUST OF INDIA

New Delhi, Oct 31: World silvermedallist Amit Panghal (52kg) and Sanjeet (91kg) struck gold in their first competition after a coronavirus-forced break, claiming the top honours at the Alexis Vastine International Boxing Tournament in Nantes, France.

Amit, also an Asian Games champion besides being Commonwealth Games silver-medallist, defeated American Rene Abraham 3-0 with a dominating performance, Friday.

Sanjeet, a former India Open gold-medallist, too put up a clinical show to get past Frenchman Soheb Bouafia in his summit clash and secure a gold.

In the 75kg category, Asian silverwinner Ashish Kumar also claimed a gold after his opponent, American Joseph Gerome Hiks, gave him a walkover due to injury.

However, Asian silver-medallist Kavinder Singh Bisht (57kg) settled for a silver medal after going down to local favourite Samuel Kistohurry in a split 1-2 verdict.

India had earlier secured three bronze medals through four-time Asian medallist Shiva Thapa (63kg), Sumit Sangwan (81kg) and Satish Kumar (+91kg). All three of them lost in the semifinal stage

This was the first international competition that Indian boxers featured in since the Olympic qualifiers in Jordan in March.

In that event, nine Indians-five men and four women-qualified for the Tokyo Olympics, postponed to next year because of the COVID-19 pandemic.

Walker helps Man City down Sheffield United

Joao Cancelo (L) gives Kyle Walker a fist-bump after the latter's goal

AGENCIES

Manchester, Oct 31: Kyle Walker's goal against his hometown club secured a 1-0 Premier League victory for Manchester City over struggling Sheffield United.

Pep Guardiola, who had suffered his worst five-game start to a season after taking just eight points, saw his team's domestic frustrations alleviated by Sheffield-born Walker's 28th-minute strike at Bramall Lane.

City, buoyed by Tuesday's 3-0 Champions League win in Marseille, were on top from the outset and only a fine display from Aaron Ramsdale limited the damage.

The result leaves Chris Wilder's side still winless, while providing a confidence boost for a City outfit whose next top-flight clash is at

home to champions Liverpool.

Ferran Torres' glancing header from Joao Cancelo's cross forced a fine early stop from Ramsdale, who also saw Aymeric Laporte steer a closerange effort just past his near post.

Rodri's ferocious 25-yard strike was too hot to handle as the goalkeeper parried it over the crossbar in slick conditions amid heavy rainfall in Sheffield.

The Blades continued to rely on their last line of defence when Ramsdale thwarted Torres after the Spaniard slid in to connect with Raheem Sterling's cross.

Walker, a product of the Bramall Lane academy, forced the breakthrough with a low, skidding shot that nestled in the keeper's bottomright corner. It was the ideal way for -(Walker to mark his 100th Premier League appearance for City.

Junior during the Champions League draw with Borussia Monchengladbach, and the striker should have scored his side's fourth when teed up by substitute Vinicius in what would have capped an improved Madrid display. Benzema eventually got his second in the 90th minute, nodding in from

Rodrygo's header across goal. Benzema and Isco missed chances for a fourth before Ferreiro scored a consolation, steering a finish past Thibaut Courtois from Rafa Mir's cross, but Benzema had the final word when he turned in Rodrygo's header from point-blank range. An obstinate Huesca kept Madrid

at bay for much of the first half, although Sergio Ramos - making his 500th appearance in La Liga saw a header saved by Andres Fernandez.

Djokovic stunned by 42nd-ranked Sonego **CR7 recovers from** virus, back for Juve

Vienna: Novak Djokovic won just three games in a lackluster quarterfinal performance at the Erste Bank Open, losing 2-6, 1-6 to 42nd-ranked Lorenzo Sonego. It was only Djokovic's third loss of the year, after being recovered from the coronavirus disgualified for hitting a line judge with a ball at the US Open and losing the French Open final to Rafa Nadal. "I came here with the intention to try to earn more points and secure the No.1 in the end of the year. I have done that, so I move on." Diokovic said. Diokovic will not defend his title at the Paris Masters next week. Sonego will play Grigor Dimitrov or result and Ronaldo "is no longer Daniel Evans for a place in Sunday's final.

Gayle fined for flinging his bat against RR

Abu Dhabi: The swashbuckling Chris Gayle has been fined 10 per cent of his match fee for breaching the IPL's code of conduct during Kings XI Punjab's (KXIP) match against Rajasthan Royals here. The IPL did not specify the exact incident for which he was penalised but it is understood the Jamaican was penalised for throwing his bat away in disgust after getting out for 99 Friday night. Gayle has admitted to the offence and accepted the sanction. Requiring a run to complete his century, Gayle was cleaned up by a Jofra Archer yorker in the last over and reacting to his dismissal, he tried to hit his bat on the ground in frustration but the willow slipped from his hand and landed a few metres across the pitch.
